parents and families of students with special needs collaborating across the age span teaches students the skills they need to effectively collaborate with parents and families to ensure a

child's success in the classroom the text takes a lifespan approach with a special emphasis on the critical transition points in a child's life information is provided on what can be seen at each stage of an individual with disabilities development and addresses the concerns and needs that families may have during these unique phases of growth the authors provide an in depth discussion of how parents and families are affected by particular disabilities family system theory the laws that affect individuals with disabilities and assessments for individuals with disabilities chapters written by academics and professionals who are also parents of students with special needs bring a diverse range of voices into the narrative

this textbook one of the first provides a comprehensive review of the relationship between psychiatry and legal medicine in the older population sections reviewing evaluation civil and criminal topics and numerous other areas such as risk management will help physicians attorneys and other professionals in their work with the elderly

guardianship conservatorship and the law includes everything from overviews of guardianships and conservatorships to an appendix that provides applicable statutes resource directories and other pertinent information and data topics addressed in this publication include guardianship of a minor guardianship of an incapacitated adult mental health guardianship and civil commitment standby guardianship conservatorship protecting the property of the ward alternatives to guardianship and conservatorship with access to the most current information in this field of law margaret c jasper assures readers they are up to date with the latest developments related to guardianship and conservatorship this is an ideal resource for anyone interested in learning more about the concepts of guardianship and conservatorship

this book offers the first full examination of the legal role of public guardianship in 25 years comparing current conditions to those when the last study was published in 1981 public guardianship in the best interests of incapacitated people is written to advance public understanding of what happens to disabled and elderly adults when no family member or friend is available to be a caregiver or guardian should it become necessary it is the first major study on this critically important issue since 1981 conducted by experts in gerontology social work public policy and public health it finds that although progress has been made guardianship programs around the country still are hampered by limited staff and resources public guardianship analyzes the full range of state statutes governing guardianship including guardian eligibility investigation due process rights powers costs and monitoring the authors report their case studies of public guardianship programs marshaling and comparing field data from their surveys of stakeholders in ten states the book concludes with a variety of recommendations for improving guardianship programs including the authors model public guardian act

during the 1980s australia remade its adult guardianship laws that governed people unable to manage their own affairs or property the reforms embraced un principles and took a common pattern with reformist north american and european countries with one key exception the rest of the world chose courts to administer the laws australia created specialist multi disciplinary tribunals this book compares the work of guardianship tribunals and courts and argues forcefully that australia s adult guardianship experiment in popular justice is a success carney and tait present work on the australian tribunals in nsw and victoria and compare them with overseas studies on courts and the family court of australia on every measure tribunals outperform courts they are more inclusive they pay more attention to social context and functioning and are better at incorporating the affected person into the hearing striking an alliance with them courts by contrast favour alliances with families and the medical profession even in areas where courts might be expected to perform better they are less successful than the tribunals collecting and testing evidence and avoiding unnecessary intervention
