this book begins by examining the nature and scope of the right to privacy and its moral basis and status what is privacy what interests does it affect and protect is there a justification for the right privacy law in australia discusses the relevant legal regime in all australian jurisdictions it covers the extent to which privacy has been protected under common law and equity and then weaves these principles into the statutory discussion of privacy it focuses specifically on the most important areas of privacy protection medical records communications criminal investigations and dna employment territory and do on finally it examines how the law may develop in the future

issues for 1901 07 1901 20 include corrected statistics for the period 1788 to 1900

provides a comprehensive account of the australian law of interpretation it covers interpretation in public law private law and international law as well as the

interpretation of case law

in 1847 in one of the most important cases in Australian legal history the chief justice of NSW Sir Alfred Stephen handed down a decision that would have profound implications for both the development of Australian property law and the property rights of the Aboriginal peoples of Australia the case was *Attorney General v Brown* and in his decision Stephen CJ ruled that the laws of property in Australia were governed by feudal principles the shadow cast by *Attorney General v Brown* has been a long one stretching down to the decision in *Mabo* and beyond judicial thinking and much legal scholarship continues to emphasise a connection between the feudal origins of the English law and the state of contemporary Australian property law thereby perpetuating a nostalgic view of Australian property law this book in contrast argues that the feudal imprint on property in Australia had been washed away by the early 1860s and that the decades of the early nineteenth century witnessed the making of a distinct Australian property law egalitarianism rather than feudalism this book argues shaped the emergence of Australian property law this book situates legal development in its social and political context re-evaluating the relationship between political ideas social values and law reform in early Australia

Australia is one of the most ethnically diverse societies in the world today from its ancient Indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe each new wave of settlers has had a profound impact on Australian society and culture the *Australian People* documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people it is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation
