contemporary moral issues is an anthology that provides a selection of readings on contemporary social issues revolving around three general themes matters of life and death matters of equality and diversity and expanding the circle which includes duties beyond borders living together with animals and environmental ethics the text contains a number of distinctive high profile readings and powerful narratives including jonathan foer's eating animals eva feder kittay's on the ethics of selective abortion for disability and susan m wolf's confronting assisted suicide and euthanasia my father's death each set of readings is accompanied by an extensive introduction a bibliographical essay pre reading questions and discussion questions

now available in three thematic volumes the second edition of moral issues in global perspective is a collection of the newest and best articles on current moral issues by moral and political theorists from around the globe each volume seeks to challenge the standard approaches to morality and moral issues shaped by western liberal theory and to extend the inquiry beyond the context of north america covering a broad range of issues and arguments this collection includes critiques of traditional liberal accounts of rights justice and moral values while raising questions about the treatment of disadvantaged groups within and across societies affected by globalization providing new perspectives on issues such as war and terrorism reproduction euthanasia censorship and the environment each volume of moral issues in global perspective incorporates work by race class feminist and disability theorists human diversity and equality the second of the three volumes examines issues of equality and difference and the effects within and across borders of kinds of discrimination on the basis of race ethnicity gender disability class and sexual orientation nine essays are new four of which were written especially for this volume moral issues in global perspective is available in three separate volumes moral and political theory human diversity and equality and moral issues

this is a fascinating and mind stretching discussion very original analysis of the ethics diversity relationship and process model the author's examples of the changes in one organization over a 10 year period are striking makes a distinct contribution allows the reader to go beyond the current models and keep the focus on organizational culture and management practices patricia arredondo founder and director empowerment workshops inc boston massachusetts will increased diversity in the workplace lead to greater deviation from corporate ethical standards can the codes of ethics in u s corporations effectively govern

employee ethical standards few if any of the current books on ethics in the american workplace consider the ethical concerns in an environment characterized by diversity ethical dimensions of diversity takes an in depth look at the relationship between the many kinds of diversity—including cultural racial ethnic and a variety of others—and the ways they affect decision making within organizations author willie e hopkins provides a theoretical overview and also identifies points of potential conflict and subsequent effects on individual organizational ethical paradigms as well as suggesting possible ways of reconciling these conflicts ethical dimensions of diversity gives students and professionals the analytical skills and sensitivity necessary for dealing with the difficult combination of ethics and diversity while also providing the practical application that business ethicists and human resource professionals need

this book aims to clarify the debate between moral relativists and moral absolutists by showing what is right and what is wrong about each of these positions by revealing how the phenomenon of moral diversity is connected with moral relativism and by arguing for the importance of relationships between persons as key to reaching a satisfactory understanding of the issues involved in the debate

marketers have attracted criticism from advocates of marketing ethics for not giving equal attention to all consumers in other contexts other nomenclatures such as less privileged or low income consumers are being used to describe consumers however a critical view of the scope of the disadvantaged consumers shows that it is beyond having limited income and encapsulates all forms of limitations that prevent full inclusion in marketplace opportunities critical perspectives on diversity equity and inclusion in marketing focuses on exploring diversity equity and inclusion in marketing as related to individuals groups organizations and societies it provides insight into consumption practices diversity inclusion limitations and their theoretical and practical implications covering topics such as ethnic identity negotiation marketing implications and consumer vulnerability this premier reference source is an eclectic resource for business leaders and managers marketers sociologists dei professionals libraries students and educators of higher education researchers and academicians

the concept of governance has become a central catchword across the social and political sciences in governing and governance jan kooiman revisits and develops his seminal work in the field to map and demonstrate the utility of a sociopolitical perspective to our understanding of contemporary forms of

governing governance and governability a central underlying theme of the book is the notion of governance as a process of interaction between different societal and political actors and the growing interdependencies between the two as modern societies become ever more complex dynamic and diverse drawing upon a wide range of interdisciplinary insights the book advances a comprehensive conceptual framework that seeks to capture the different elements modes and orders of governing and governance a series of useful distinctions are employed for example between self co and hierarchical modes and between first second or meta orders to illustrate the many different structures and levels of modern governance today theoretically rich and illuminating governing and governance will be essential reading for all students and academics across the social and political sciences public management and public administration

contains chapter on abortion cloning euthanasia the death penalty and capital punishment race and discrimination gender issues sexual orientation poverty and welfare world hunger and environmental issues

much has changed in warfare in recent years with america now dominant on the international scene and terrorism the new enemy in light of these changes the need for moral grounding in military actions is a more pressing concern than ever when it was originally published moral issues in military decision making reflected the concerns posed by nuclear stalemate and the lessons of vietnam in that highly praised work anthony hartle outlined the essential elements of the professional military ethic created for american military forces in this new edition he reexamines the moral foundations for america s military leadership in the post 9 11 era considering world affairs since the first edition the gulf war bosnia afghanistan iraq 9 11 and the emergence of the united states as an unrivaled military power hartle explains how these events have raised ethical issues that differ dramatically from those of the cold war by the war on terrorism homeland defense asymmetric warfare the proliferation of american military interventions and the un s role in peacekeeping operations using meticulously analyzed case studies twice as many as in the first edition he considers such moral dilemmas as torture challenging superior officers use of overwhelming force and responding to fire in the presence of civilian shields in this revision hartle examines further the status of professional military ethics in light of current affairs changes in the articulation of military values and recent research in a new chapter on human rights he relates moral principles directly to values embedded in the constitution

and argues that overwhelming american military power cannot succeed unless it is accompanied by the moral force of the values it seeks to protect difficulties of applying conventional laws of war and human rights doctrine in military operations hartle convincingly shows that national security is as much about the preservation of moral principles as it is about the protection of america s citizens and borders his book demonstrates that the american military must continue to observe those principles in order to be effective in its primary mission

this text reader performs two tasks first it provides a sound comprehensive introduction to the field of conventional western medical ethics second it introduces readers to cross cultural perspectives related to these or similar issues

corporations have a social responsibility to assist in the overall well being of their communities through the compliance of moral business standards and practices however many societies still face serious issues related to unethical business practices business ethics and diversity in the modern workplace investigates the ethical frameworks within modern corporations and their impact on the communities they serve with a focus on autonomous decision making in complex quandaries this book is an all inclusive reference source for students researchers practitioners and managers who are concerned with the various ethical dilemmas within businesses as well as evaluating moral issues impacting societal welfare

this book not only provides an introduction to the main traditions in ethical thought aristotle and virtue ethics mill and utilitarianism and kant and deontology but also offers a conceptual framework ethical pluralism for understanding the relationship among these various theories

topless bars casino gambling needle exchange programs for drug addicts there s no question morality issues remain front and center in urban politics presenting a systematic analysis of culture war issues at the local level elaine sharp shows how american cities deal with these ongoing concerns drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use by analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues far more than a statistical study morality politics in american cities is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will

captivate students and interested citizens alike mayors public health directors activists and others speak their minds about the pros and cons of these controversies here are officials in one city confronting the vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs these stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues they also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions as provocative as it is informative morality politics in american cities demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define american politics

combining theoretical sophistication with a fundamental comprehension of the political institutions of the usa this study aims to demystify the workings of the united states supreme court and its place in democracy

this book systematically explores the moral issues surrounding self deception while many articles and books have been written on the concept of self deception in recent years martin s gives much greater emphasis to self deception as a significant topic for both ethical theory and applied ethics self deception is perplexing from a moral point of view it seems tailor made to camouflage and foster immorality does all self deception involve some guilt and is it among the most abhorrent evils as some moralists and theologians have charged or is it only wrong sometimes such as when it has bad consequences could it on occasion be permissible or even desirable to deceive ourselves just as we are sometimes justified in deceiving other people are self deceivers perhaps more like innocent victims than perpetrators of deceit and as such deserving of compassion and help or paradoxically are they best viewed with ambivalence culpable as deceivers and simultaneously innocent as victims of deception from the introduction martin develops a conception of self deception as the purposeful

evasion of acknowledging to oneself truths or one's view of truth he details a systematic framework for understanding the main moral perspectives and traditions concerning self-deception that have emerged in western philosophy in so doing he clarifies related concepts like sincerity authenticity honesty hypocrisy weakness of will and self-understanding ranging across traditions both philosophical kant kierkegaard and sartre and non philosophical freud eugene o'Neill and henrik ibsen martin shows why self-deception is as morally complex as any other major form of behavior the appeal of this book is broad the volume will challenge professional philosophers and psychologists yet it is organized and written to be accessible to students in courses on ethics philosophy of mind and philosophy of literature martin's numerous literary examples should also interest literary critics

drawing on two decades of survey research involving thousands of ministers nationwide five social scientists explore the political lives of clergy in eight evangelical and mainline protestant denominations including the assemblies of god southern baptist convention united methodist church and presbyterian church they find that the competing theological perspectives of orthodoxy and modernism are increasingly tied to ideological and partisan divisions in american politics and help illuminate the current relationship between church and state in america paper edition unseen 19 95 annotation copyrighted by book news inc portland or
