china's rapid economic growth, modernization and globalization have led to astounding social changes. contemporary china provides a fascinating portrayal of society and social change in the contemporary people's republic of china. this book introduces readers to key sociological perspectives, themes and debates about chinese society. it explores topics such as family life, citizenship, gender, ethnicity, labour, religion, education, class and rural/urban inequalities. it considers china's imperial past, the social and institutional legacies of the maoist era and the momentous forces shaping it in the present. it also emphasises diversity and multiplicity, encouraging readers to consider new perspectives and rethink western stereotypes about china. and its people. real life case studies illustrate the key features of social relations and change in china. definitions of key terms, discussion questions and lists of further reading help consolidate learning. including full colour maps and photographs, this book offers remarkable insight into chinese society and social change.

this bestselling introduction to chinese society uses the themes of resistance and protest to explore the complexity of life in contemporary china. an interdisciplinary and international team of china scholars draw on perspectives from sociology, anthropology, psychology, history and political science and covers a broad range of issues. topics covered include labour and environmental disputes, rural and ethnic conflict, migration, legal challenges, intellectual and religious dissidence, opposition to family planning. the newly revised third edition adds two new chapters on gender and the family and the reform of the hukou system, thus providing a comprehensive text for both undergraduates and specialists in the field, encouraging the reader to challenge conventional images of contemporary chinese society.

chinese society has seen phenomenal change in the last 30 years. two of the most profound changes have been the rise of the individual in both public and private spheres and the consequent individualization of chinese society itself. yet despite china's recent dramatic entrance into global politics and economics, neither of these significant shifts has been fully analysed. china may indeed present an alternative model of social transformation in the age of globalisation, so its path to development may have particular implications for the developing world. the

individualization of chinese society reveals how individual agency has been on the rise since the 1970s and how this has impacted on everyday life and chinese society more broadly the book presents a wide range of detailed case studies on the impact of economic policy patterns of kinship changes in marriage relations and the socio economic position of women the development of youth culture the politics of consumerism and shifting power relations in everyday life

this new book provides an accessible and wide ranging introduction to the main features of chinese society drawing on a wealth of material the author offers a fresh understanding of a unique society that has undergone continuous transformation and upheaval throughout the twentieth century understanding chinese society looks in all its richness at the society with the largest population on earth in order to explore long term change and continuity the book examines china from pre revolutionary times to today s rapidly modernising society although the focus is on recent change particular attention is paid to china s cultural traditions and hierarchical relationships in familial and wider social settings and their fate in the modern world successive chapters investigate changes in the relations of rural and urban sectors of society in the structure of families in political and economic power in cultural hegemony education and the media and in patterns of social inequality a final chapter asks whether chinese society is becoming more complex and differentiated in the course of modernisation and considers recent debates on the growth of civil society and democratisation this book will be indispensable for anyone studying chinese society asian societies and comparative sociology

exploring chinese society and culture delves into the diverse and complex themes of modern china we examine the country s social and economic changes its growing global influence and the various perspectives on china s development and governance our compendium covers topics such as social welfare gender ethnicity and the role of the communist party and the state we provide detailed accounts of social changes from causal processes to the political dynamics of right wing populism and the causes of major technological disasters since the founding of the

communist party in 1921 china's ethnic relations have continuously evolved we discuss the impact of ethnic minorities and intra ethnic relations on the nation we also explore the framework of urban and rural society in transitional china examining how family background affects children's academic achievement additional chapters focus on cultural sociology market disputes government intervention and the measurement invariance across gender and age among chinese adolescents we also investigate the motivations and forms of practicing csr in art and culture in china highlighting the driving factors behind corporate engagement in cultural initiatives

there is growing interest in social transformation in contemporary china with much work published on the subject this book is different from other books in that it presents an overview of the work of chinese sociologists on how chinese society is changing it reports on a great deal of original research by leading outstanding chinese scholars including extensive fieldwork and large scale social change survey data and covers comprehensively the full range of aspects of the subject it assesses developments since the beginning of reform in china and provides overall a comprehensive understanding of china's social development and of the likely impact of future social changes on china

before 1978 china was backward economically politically diplomatically and was extremely isolated the country had a few diplomatic allies like north korea russia and vietnam however in the past three decades the country has witnessed robust changes that have aroused the interest of the westerners in knowing more about the country this book provides first hand information on china's social changes and economic transformation it enables readers to understand the chinese society vividly dynamically and practically it examines various facets of the chinese society ranging from famous landmarks popular customs festivals food daily chores etc the book also offers tips for those who are willing to live work and run a business in china

a stanford university press classic

in china social development has fallen far behind economic development this book looks at why this is the case and poses the question of whether the conditions structures and institutions that have locked china into unbalanced development are changing to pave the way for the next stage of development based on an empirical examination of ideological structural and institutional transformations that have shaped china s development experiences the book analyses china s reform and development in the social domain including pension healthcare public housing ethnic policy and public expenditure on social programs the book moves beyond descriptive analyses to understand the role of broader changes in shaping and redefining the pattern of development in china

social transformations in chinese societies is the official annual of the hong kong sociological association it publishes articles of original research that addresses theoretical methodological or substantive issues of sociological significance about or related to social transformations in chinese societies the focus is mainly on hong kong taiwan the mainland singapore and chinese overseas review essays of exceptionally high quality are also welcome

unlike most books which consider china s transformation and globalization over the last four decades by focusing on china s economic growth this book examines how the chinese regime has handled the increasingly complex sociopolitical and socio economic challenges generated as a result of the country s economic growth and transformation challenges arising both from within the country and also from the external political environment based on extensive original research the book outlines how china s economic development has generated social and governance pressures discusses the government s social educational and governance reforms and highlights how china s development experiences which differ from the western economies with democratic political regimes have drawn increasing attention from other countries in the developing world as an example to follow

this is the first book length study of the development of civility in chinese societies although some social scientists and political philosophers have discussed civility none has defined it as an analytical tool to systematically measure

attitudes and behavior and few have applied it to a non western society by comparing the development of civility in mainland china and taiwan civility and its development the experiences of china and taiwan analyzes the social conditions needed for civility to become established in a society schak argues that the attempts to impose civility top down from the state are ineffective civility appeared in taiwan only after state efforts to impose it ceased at the end of the 1980s when taiwan began to democratize and the prc government civility campaigns have so far had only limited success the book concludes with an examination of various differences between taiwan and the prc relevant to taiwan s having become a society with civility while the prc still encounters difficulties in doing so the essential factor in developing civility in taiwan schak contends was its evolution from a place composed of myriad small inward looking communities to a society in which everyone shares a strong identity and civic consciousness and people consider others as fellow members not anonymous strangers this book represents the most thorough review of what social scientists once called the civilizing process in chinese society david c schak builds on the earlier studies on this issue and goes well beyond the established literature james watson fairbank professor of chinese society and professor of anthropology emeritus harvard university this is a topic that people talk about all the time and david c schak draws a lot of material together in a systematic and comprehensive way that can stimulate important discussions beyond the academy thomas gold professor of sociology university of california berkeley

this is a print on demand edition of a hard to find publication 43 illustrations 2 maps

the concept of civil society was borrowed from 18th century europe to provide a framework for understanding the transition to post authoritarian regimes in latin america and post communist regimes elsewhere this book asks whether this concept is useful for analyzing china

the book expounds on the role played by democracy in china s revolution and modernization led by the communist party of china cpc and how the cpc in both its party building and state building has constantly sought to leverage

democracy's positive functions while avoiding its shortcomings special attention is paid to reconstructing and explaining the historical contexts from which the party's theoretical innovations have emerged thus offering readers insights into the inner political logic that has shaped china's development the author a member of the party's senior policy panel offers a perceptive analysis of the modernization of the country and its governing capacity and provides a clear assessment of how democracy in china has developed with the times always bearing the big picture in mind the author has not shied away from some of the more controversial parts of china's recent history and his deep understanding of relevant party documents and historical facts give strong support to his analyses he concludes that that the party is central to leading the nation to explore its path of socialism with chinese characteristics and that the country has always emerged stronger after setbacks

as china gains power economically politically and militarily and interaction between the chinese and people outside china increases it becomes more and more important that we understand the social factors that influence the daily lives of china's population this new introductory textbook is suitable for all students taking a course on chinese society it presents both historical and contemporary contexts and the latest available research findings with chapters covering many key aspects of life in china including religion social policy and welfare the history and impact of the chinese communist party familial relationships ethnicity gender the media and the education system this textbook gives the reader a user friendly and comprehensive introduction to the most important issues affecting chinese society today it also includes handy pedagogical features such as a chronology of the people's republic of china further reading suggestions and related novels films and autobiographies armed with such a book readers will not only gain a deeper understanding of chinese society but a rewarding appreciation for the people cultures and social organizations of the world's most populous country written by a team of contributors from the uk china australia singapore and hong kong understanding chinese society is suitable for anyone studying chinese society chinese studies and asian sociology
