this book connects theorists and their work to larger themes and ideas all too often in the opinion of the authors theory texts focus too much on individual theorists and insufficiently on the relationship between their theories and how these have contributed in turn to the evolution of ideas concerning social life treatment of individual theories and theorists is balanced with the development of key themes ideas about social life introduced in chapter 1 which then reappear in the discussion of individual theorists and their work a key organizing principle of this text is to trace major schools of thought over the past 150 years as they appear and reappear in different chapters section 1 introductions help remind students of the big picture within which any given theory or theorist is only one part a consistent organization and presentation within chapters helps provide students with a context for learning and a means of much more easily comparing and contrasting theorists and their ideas important new voices in a text for social theory in chapter 2 harriet martineau is introduced as one of sociology s founders from then on the views of women theorists and others are represented in far more than token fashion examples include w e b dubois marianne weber charlotte gilman rosa luxemburg joseph schumpeter v i lenin niklas luhmann theda skocpol erik wright elman service arlie hochschild dorothy smith patricia hill collins and immanuel wallerstein a timeline showing when social theorists lived and wrote and connecting their biographies to important social events over 300 years is at the back of the text the organization of every chapter along similar lines provides a consistency in presentation

that encourages comparisons among the theorists the authors do a very good job presenting overlooked theorists and making their relevance to social theorizing doing sociology clear joan alway formerly university of miami the strengths of this text are the breadth of theories covered the integration of gender related topics family work religion the use of substantial quotes from primary texts the consistent inclusion of methodological issues and the goals of the project to provide an expansive and readable theory text i have no doubt that it will find a solid position in the field of popular theory texts for undergraduate course use kathleen slobin north dakota state university

annotation in this fundamental contribution to the study and application of sociological theory wallace examines a wide range of theories within a framework that clarifies their interrelationships and illustrates their implications for empirical research wallace is able to point out the symbiotic relationships among these theories which at first may appear to be in direct opposition or at least discord sociological theory begins with an original essay by the editor that introduces the reader to eleven general theoretical viewpoints he calls these ecologism demographism materialism psychologism technologism functional structuralism exchange structuralism conflict structuralism symbolic interactionism social actionism and functional imperativism to do this wallace assembles selected readings by major theorists that provide detailed examples of each of the theoretical viewpoints discussed the selections are keyed to the framework developed in the introduction so as to enable the reader to work back and forth between the general and the particular statements offering far more than a mere survey or an abstract critical analysis in this way sociological theory provides a learning matrix that facilitates comprehension and enables the reader systematically to expand his knowledge of sociological theory in developing his analytical framework wallace points out how these different types of theory complement rather than conflict with one another through this approach he is able to show the distinctive level and scope of analysis of each theory to demonstrate why the sociologist must draw upon and integrate several viewpoints for interpreting research results and formulating hypotheses a useful guide and reference work for researchers and teachers the book is an excellent basic or supplementary text for all theory courses as robert k merton noted at the time of the original publication sociological theory is a beautiful piece of work

rather than a work of theory itself explorations in classical sociological theory seeing the social world is an insightful work that invites students to think creatively reflexively and critically about their social worlds written in a conversational tone that lifts the veil of theoretical jargon explorations in classical sociological theory introduces students to the major classical theorists including marx spencer durkheim weber simmel mead schutz gilman and du bois this text focuses on the individual perspective of each theorist rather than schools of thought and uses the provocative ideas of modernity and postmodernity to help students understand how the theoretical historical perspectives apply to their own time period

in the third edition of ken allan s highly praised contemporary social and sociological theory book sociological theories and theorists are explored using a straightforward approach and conversational jargon free language filled with examples drawn from everyday life this edition highlights diversity in contemporary society exploring theories of race gender and sexuality that address some of today s most important social concerns through this textbook students will learn to think theoretically and apply to their own lives

the revised third edition of the text that combines classical and contemporary theories of sociological theory thoroughly revised and updated the third edition of an introduction to sociological theory offers an in depth introduction to classical and contemporary theories and demonstrates their relevance to offer a clear understanding of a broad range of contemporary issues and topics as with the previous editions the text continues to combine carefully selected primary quotations from a broad range of theorists with extensive discussion and illustrative examples from a diverse range of countries helpful timelines of important and thematically relevant events biographical notes contemporary topic boxes analytical photos and chapter glossaries the text addresses topics such as the persistence of economic and social inequality brexit post truth society same sex marriage digital surveillance and the on demand gig economy written in an engaging style introduction to sociological theory offers a comprehensive introduction to the pluralistic breadth and wide ranging applicability of sociological theory this updated edition of the authoritative text contains both classical and contemporary theories in a single text builds on excerpts from original theoretical writings with detailed discussion of the concepts and ideas under review includes new examples of current empirical topics such as brexit donald trump s presidency china s growing economic power global warming intersectionality social media and much more offers additional resources including a website that contains multiple choice and essay questions a thoroughly refreshed set of powerpoint slides for each chapter with multimedia links to content illustrative of sociological processes a list of complementary primary readings a quotation bank and other background materials written for undergraduate courses in contemporary and classical sociological theory the third edition of an introduction to sociological theory continues to provide a comprehensive in depth and empirically engaging introduction to sociological theory

a concise yet surprisingly comprehensive theory text given the range of ideas historical context and theorists discussed unlike other books of the type classical sociological theory focuses on how the pivotal theories contributed not only to the development of the field but also to the evolution of ideas concerning social life

introducing you to the most important thinkers and schools of thought in contemporary sociological theory from parsons and merton to the frankfurt school to foucault bourdieu giddens and hochschild this accessible textbook firmly locates key ideas in social political and historical context by doing so it helps you to understand the development of central sociological concepts and how they can help us understand the contemporary world the book includes lively biographical sections so you can get to know each thinker clear and easy to understand accounts of each theorist s arguments and the most common criticisms key concept boxes highlighting the most influential ideas this comprehensive textbook brings the diverse field of contemporary sociological theory to life essential reading for all students of sociology and sociological theory

written by award winning scholar jonathan turner contemporary sociological theory covers the range of diversity of theory in nine theoretical traditions and variants of theoretical approaches in these traditions the result is a comprehensive review of present day theorizing in sociology covering functional evolutionary ecological conflict interactionist exchange structuralist cultural and critical theories and the major proponents of these theories moreover for each theoretical tradition its origins are examined in a separate chapter with an eye to how classical theorists influenced the work of key contemporary scholars this book will serve as a valuable resource for those readers seeking in depth and comprehensive coverage of contemporary traditions in their historical contexts unlike many texts coverage is comprehensive and deep the theories and their origins are examined in detail so that readers can fully understand the origins and present profile of theories in present day sociology unlike many texts that skim over

theories on the surface this book seeks to unlock for the reader their underlying structure of each theory the book is written in a modular format so that theories and traditions can be examined in any order and in many diverse combinations if desired only the contemporary theories can be read without attention to their historical contexts or the reverse is true if readers want to understand the historical origins of a particular theoretical tradition since jonathan turner is an active theorist in his own right he brings to the book an appreciation of how theories are created as an insider rather than as only a commentator on theory as such he is able to bring out the underlying assumptions structure and form of a theory in new and interesting ways for casual readers and scholars alike

the strengths of this text are the breadth of theories covered the integration of gender related topics3 4 family work religion the use of substantial quotes from primary texts the consistent inclusion of methodological issues i have no doubt that it will find a solid position in the field of theory texts kathleen slobin north dakota state university a concise yet surprisingly comprehensive theory text given the range of ideas historical context and theorists discussed unlike other books of the type contemporary sociological theory focuses on how the pivotal theories contributed not only to the development of the field but also to the evolution of ideas concerning social life

there are many differences of opinion between sociologists about how best to investigate social issues and about the quality of the answers that different questions produce this book looks at a range of sociological theories from the last two hundred years taking a thematic approach that helps students to better integrate the material and to understand the significance of the individual theorists with illustrations from the work of john stuart mill emile durkheim talcott parsons karl marx karl mannheim michel foucault anthony giddens and erving goffman this book provides an accessible and comprehensive guide for introductory students of sociology and social theory

now published by sage this scholarly text covers the first one hundred years of sociological theorizing from 1830 1930 focusing primarily on comte spencer marx weber simmel durkheim and mead the text provides an in depth examination of these early sociological theorists with biographical background analysis of key works major influences critical insights and also answers the question what do these ideas tell us about the basic forces that shape the social world posing this question for each theorist adds a unique perspective to the text and distinguishes it from other sociological theory books in addition it also includes material on the enduring models and principles of the theorists work that continue to inform sociological theory today

the authors are proud sponsors of the 2020 sage keith roberts teaching innovations award enabling graduate students and early career faculty to attend the annual asa pre conference teaching and learning workshop now with sage publishing and co authored by one of the foremost authorities on sociological theory the tenth edition of sociological theory by george ritzer and jeffrey stepnisky gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology s origins through the early 21st century key theories are integrated with biographical sketches of theorists and are placed in their historical and intellectual context this text helps students better understand the original works of classical and contemporary theorists and enables them to compare and contrast the latest substantive concepts

now with sage publishing and co authored by one of the foremost authorities on sociological theory george ritzer and jeffrey stepnisky s classical sociological theory seventh

edition provides a comprehensive overview of the major theorists and schools of sociological thought from the enlightenment roots of theory through the early 20th century the integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of classical authors as well as to compare and contrast classical theories new to this edition in ch 1 colonialism is now discussed as a major social force in development of modern society in ch 2 there is an expanded discussion of the historical significance of early women founders and the contributions of w e b du bois the chapter on du bois ch 9 includes new material about his intellectual influences new contemporary commentary about durkheim has been added to ch 7 ch 9 includes new material from recently translated later writings of george simmel providing new context for his overall theory addition of historical context boxes throughout text sections on contemporary applications of classical theory have been added to each chapter

this book integrates new and emerging aspects of sociological theory into a detailed treatment of theories and theorists providing students with a framework for organizing the many types of sociological theory in this edition it is particularly concerned with outlining the changes that have taken place within sociological theory since the first edition of this book was published in the late 1960s the book is split into seven sections that identify the paradigms of sociological theory functionalism evolutionary conflict exchange interactions structural and critical the text offers an in depth analysis of each theory and it reflects their emerging maturing and continuing traditions in addition the book covers the work of key modern figures in each of the paradigms as well as their founders

contemporary sociological theory and its classical roots the basics is a brief survey of sociology s major theorists and theoretical approaches from the classical founders to the present the content is adapted from ritter stepnisky sociological theory and the authors connect many theorists together into chapters with broad headings contemporary integrative theories contemporary theories of everyday life etc that offer students a big picture synthesized view of sociological theory because of its size price and flexible organization the text can be used in a variety of undergraduate sociological theory classes classical contemporary or combined

social theory has undergone dramatic changes over the past fifteen years the aim of this book is to provide a comprehensive survey of those changes and an authoritative statement on current trends of development in social thought the contents of the book range in a systematic way across the major traditions of social theory prominent today among the topics covered are the relationships between modern social theory and the classics of the late eighteenth and nineteenth centuries the connections between social theory and mathematical social science and the logical status of generalizations in the social sciences traditions of thought discussed include behaviourism symbolic interactionism parsonian theory analytical theory structuralism and post structuralism ethnomethodology structuration theory world systems theory marxism and critical theory

enthält volume 1 from the 1850s to the 1920s volume 2 from the 1920s to the 1960s volume 3 development since the 1960s
