answers to common exam questions offering actionable advice and highlighting key concepts to boost your exam performance Understanding the Core Principles Before tackling specific questions its crucial to understand the fundamental principles governing contract law These include Offer and Acceptance A valid contract requires a clear offer made by one party and an unequivocal acceptance by the other Ambiguity or counteroffers can invalidate the formation of a contract Consideration Each party must provide something of value in exchange for the other partys promise This could be money goods services or even a promise to refrain from doing something Past consideration however generally doesnt suffice Capacity Parties entering a contract must have the legal capacity to do so Minors legally binding Social or domestic agreements often lack this intention Legality of Purpose The contracts purpose must be legal Contracts involving illegal activities are void Exam Question Examples Answers Lets delve into some common contract law exam questions and dissect their answers Question 1 Analyze the formation of a contract in the case of a unilateral offer 2 Answer A unilateral offer involves a promise in exchange for performance The offeror promises something if the offeree completes a specific act Acceptance occurs only upon completion of the requested act Unlike bilateral contracts where acceptance is by promise acceptance in unilateral contracts is by performance Consider the classic case of *Carlill v Carbolic Smoke Ball Co* where the companys advertisement promising a reward for using their product was deemed a unilateral offer accepted by the plaintiffs use of the smoke ball This demonstrates that acceptance doesnt require notification in unilateral contracts Question 2 Discuss the doctrine of frustration in contract law Answer The doctrine of frustration applies when an unforeseen event makes the performance of a contract impossible or radically different from what was originally contemplated This event must not be the fault of either party and must render the contracts purpose fundamentally unattainable For example a contract for a concert venue rental becomes frustrated if the venue burns down before the concert date Frustration automatically discharges the contract relieving both parties from further obligations However its crucial to note that selfinduced frustration or foreseeable events generally dont qualify Question 3 Explain the concept of misrepresentation in contract law and its remedies Answer Misrepresentation occurs when a false statement of material fact induces a party to enter a contract The statement must be false made by one party to another and induce the other party to enter into the contract There are three types fraudulent negligent and innocent Remedies vary depending on the type ranging from rescission setting the contract aside and damages to compensation for losses incurred For example if a seller falsely represents the mileage of a car the buyer may be entitled to rescind the contract and claim damages Question 4 Differentiate between void voidable and unenforceable contracts Answer A void contract is treated as if it never existed A voidable contract is valid unless one party chooses to rescind it eg due to misrepresentation or duress An unenforceable contract is valid but cannot be enforced by the courts eg due to lack of writing as required by the Statute of Frauds Understanding these distinctions is crucial for determining the consequences of contractual breaches and the available remedies Question 5 Discuss the significance of the parole evidence rule Answer The parole evidence rule generally prevents extrinsic evidence eg prior agreements or oral statements from being admitted to contradict or vary the terms of a 3 written contract The aim is to ensure certainty and prevent disputes based on conflicting evidence However exceptions exist such as evidence of **Frequently Asked Questions (FAQs)**

**FAQ 1:** What is the difference between a condition and a warranty?

A condition is a fundamental term of the contract. Breach of a condition entitles the innocent party to terminate the contract and claim damages. A warranty is a less important term. Breach of a warranty allows the innocent party to claim damages but not terminate the contract.

**FAQ 2:** What is undue influence?

Undue influence occurs when one party uses their position of power or trust to improperly influence another party into entering a contract. This renders the contract voidable.

**FAQ 3:** How does duress affect a contract?

Duress involves coercion or threats that force a party into a contract. This makes the contract voidable at the option of the coerced party. The threat must be illegitimate and induce the contract.

**FAQ 4:** What is the Statute of Frauds?

The Statute of Frauds requires certain types of contracts, eg contracts for land contracts that cannot be performed within one year to be in writing to be enforceable.

**FAQ 5:** What is the doctrine of privity of contract?

The doctrine of privity of contract states that only parties to a contract can sue or be sued on it. Third parties generally lack the right to enforce the terms of the contract. However, exceptions to this rule exist.
