offering details of all the sights of sicily from the mosaics of monreale and the temples of argrigento to bustling markets in palermo this guide also includes reviews of hotels and restaurants for every budget and region of the island it also includes information on mountain hikes

the novel the island of the elyms is set in a village of sicily it touches four generations of a well to do family and relates the tragic and humorous occurrences in the life of each member of that family the story is narrated by a young girl marianna whose romantic ideals and openness are often in conflict with the secretive and reserved nature of her family marianna loves the more salubrious and rustic lifestyle of the land workers as opposed to the refined and sophisticated lifestyle of her aristocratic family she feels the former to be an honest way of life and the latter a pretentious and artificial one marianna with the exuberance of youth would like to see a radical change in the way her family deals with certain issues she herself represents a slowly changing society however the people whose beliefs have been forged and impressed into their very soul by generations of tumultuous historical events are resistant to change eventually marianna learns to appreciate the island s cultural richness and its paradox a sense of history and mythology superstition and religion in fact often exist alongside one another and are portrayed in the novel the novel touches also on both the first and second world wars because two members of marianna s family her grandfather and father fought in each war respectively it depicts every human emotion by means of adopting humor and tragedy throughout one might say that in the novel the island of the elyms there is a book within the book as the lives of marianna s great grandparents and grandparents emerge the former being read by nonna from her mother s memoirs and the latter narrated by nonna herself when finally marianna is comfortable with who

she is different from the rest of her family she is torn away from her birthplace for the great unknown which happens to be australia the story ends with the uprooting of the girl by the family who inturn has to forfeit and abandon every dream and thus becoming the innocent victim of the tragedy of emigration

giacomo Meyerbeer was once one of the most famous of all opera composers enjoying into the twentieth century the same universal admiration and performance as a composer like Puccini does today through a series of adverse factors his reputation was seriously damaged with the resurgence of nationalism and the growing antisemitism in France and Germany at the end of the nineteenth century the propagation of a Wagnerian operatic aesthetic the decline of the bel canto vocal tradition and the disfavour manifested towards the heroism of French grand opera all these factors and especially the ban on his music in Nazi Germany meant that Meyerbeer's reputation was seriously overshadowed in the years after the Second World War during the 1960s and 1970s a tentative interest began to manifest itself and with the advent of the new millennium a growing rediscovery of his operas has been apparent not least in this process has been the recovery of all the composer's private papers and their scholarly editing his life and work have been the subject of a growing number of informed studies which have enabled radical reassessment this volume takes a fresh look at this process of rediscovery by considering the composer in terms of the primary sources diaries and letters now available for forming a more complete and detailed biography unclouded by prejudicial or uninformed opinions the extraordinary nature of Meyerbeer's Jewish background and the role of this family in Prussian emancipation are also considered most importantly however his life and works are presented in a critical chronology that is fundamentally based on his own private papers with testimony both positive and negative from many contemporary sources a detailed iconography is integral to this process and helps to bring Meyerbeer's story and music more vividly to life

giacomo Meyerbeer 1791-1864 was a great musical dramatist in his own right the fame of his operas rests on his radical treatment of form his development of scenic complexes and greater plasticity of structure and melody his dynamic use of the orchestra and close attention to all aspects of presentation and production all of which set new standards in romantic opera and dramaturgy this book carries forward the process of rediscovery and reassessment of Meyerbeer's art including not just his famous French operas but also his German and Italian ones placing them in the context of his entire dramatic oeuvre including his ballets oratorios cantatas and incidental music from Meyerbeer's first stage presentation in 1810 to his great posthumous accolade in 1865 some 24 works mark the unfolding of this life lived for dramatic music the reputation of the famous four grand operas may well live on in the public consciousness but the other works remain largely unknown this book provides an approachable introduction to them the works have been divided into their generic types for quick reference and helpful association and placed within the context of the composer's life and artistic development each section unfolds a brief history of the work's origins an account of the plot a critical survey of some of its musical characteristics and a record of its performance history Robert Letellier examines each work from a dramaturgical view point including the essential often challenging philosophical and historical elements in the scenarios and how these concepts were translated musically onto the stage a series of portraits and stage iconography assist in bringing the works to life

a choice best academic book in its first edition the recorder remains an essential resource for anyone who wants to know about this instrument this new edition is thoroughly redone takes account of the publishing activity of the years since its first publication and still follows the original organization

this three volume boxed set is the definitive work on Franz Schubert's vocal music with piano a richly illustrated encyclopedia these substantial volumes contain more than seven hundred song commentaries with parallel text and translations by Richard Wigmore detailed annotations on the songs poetic sources and biographies of one hundred and twenty poets as well as general articles on accompaniment tonality transcriptions singers and more written by Graham Johnson celebrated accompanist author and the first pianist ever to record all of Schubert's songs and part songs this sumptuous work is a must for performers scholars and all lovers of Schubert's Lieder
