the 2012 13 edition looks at the macroeconomic effects of wages and in particular at how current trends are linked to equitable growth the gap between wage growth and labour productivity growth is widening the difference between the top and bottom earners is increasing and the labour income share is declining these worrying changes affect the key components of aggregate demand particularly consumption investment and net exports that are necessary for recovery and growth the report looks at the reasons for these trends which range from the increasing financial and trade globalization to advances in technology and the decline in union density the report calls for internal and external rebalancing to achieve more socially and economically sustainable outcomes within and across countries proposing policy actions beyond labour markets and national borders

how can we reduce child labor in the unfavorable circumstances of a global economic slowdown this new flagship report the first in a series to be published annually by the ilo s international program on the elimination of child labor brings together research on child labor and social protection identifying policies that are designed to achieve multiple social goals this report includes analyses of national child labor trends based on the latest survey data discussions of the role of poverty and economic shocks in rendering households vulnerable to child labor and detailed consideration of income transfers public employment programs social insurance and microcredit initiatives as they have been implemented around the world the report distills a broad range of research in economic and social policy and should be of interest to those looking for ways to combat poverty in the present and reduce its burden on the next generation

in a series of columns published in the african american newspaper the christian recorder the young charismatic preacher henry mcneal turner described his experience of the civil war first from the perspective of a civilian observer in washington d c and later as one of the union army s first black chaplains in the halls of congress turner witnessed the debates surrounding emancipation and black enlistment as army chaplain turner dodged grape and cannon comforted the sick and wounded and settled disputes between white southerners and their former slaves he was dismayed by the destruction left by sherman s army in the carolinas but buoyed by the bravery displayed by black soldiers in battle after the war ended he helped establish churches and schools for the freedmen who previously had been prohibited from attending either throughout his columns turner evinces his firm belief in the absolute equality of blacks with whites and insists on civil rights for all black citizens in vivid detailed prose laced with a combination of trenchant commentary and self deprecating humor turner established himself as more than an observer he became a distinctive and authoritative voice for the black community

and a leader in the african methodist episcopal church after reconstruction failed turner became disillusioned with the american dream and became a vocal advocate of black emigration to africa prefiguring black nationalists such as marcus garvey and malcolm x here however we see turner s youthful exuberance and optimism and his open eyed wonder at the momentous changes taking place in american society well known in his day turner has been relegated to the fringes of african american history in large part because neither his views nor the forms in which he expressed them were recognized by either the black or white elite with an introduction by jean lee cole and a foreword by aaron sheehan dean freedom s witness the civil war correspondence of henry mcneal turner restores this important figure to the historical and literary record
