most of us like to look at them but why on earth would anyone want to eat them as  
constance I kirker and mary newman show in this book however flowers have a long history  
as a tasty ingredient in a variety of cuisines the greeks romans persians ottomans mayans  
chinese and indians all knew how to cook with them for centuries and today contemporary  
chefs use them to add something special to their dishes edible flowers is the fascinating  
history of how flowers have been used in cooking from ancient greek dishes to the today s  
molecular gastronomy and farm to table restaurants looking at flowers natural qualities  
their unique and beautiful appearance their pungent fragrance and their surprisingly good  
taste kirker and newman proffer a bouquet of dishes from soups to stews to desserts to  
beverages that use them in interesting ways tying this culinary history into a larger cultural  
one they show how flowers cultural symbolic and religious connotations have added value  
and meaning to dishes in daily life and special occasions from fried squash blossoms to  
marigold dressings this book rediscovers the flower not just as something beautiful but as  
something absolutely delicious

learn how to grow lovely and fragrant flowers then use them create delicious meals with  
this beautifully illustrated flower gardening and cooking book anyone who picks up the  
edible flower garden will be tempted to grow harvest and sample at least a few of the more
