historians have long analyzed the battles and the military strategies that brought the american civil war to an end going beyond tactics and troop maneuvers this book concentrates on the characters of the two opposing generals robert e lee and ulysses s grant showing how their different temperaments ultimately determined the course of the war as author david alan johnson explains grant s dogged and fearless determination eventually gained the upper hand over lee s arguably superior military brilliance delving into their separate upbringings the book depicts grant as a working class man from ohio and lee as a virginia aristocrat both men were strongly influenced by their fathers grant learned a lesson in determination as he watched his father overcome economic hardships to make a successful living as a tanner and leather goods dealer by contrast lee did his best to become the polar opposite of his father a man whose bankruptcy and imprisonment for unpaid debts brought disgrace upon the family lee cultivated a manner of unimpeachable respectability and patrician courtesy which in the field of battle did not always translate into decisive orders underscoring the tragedy of this fratricidal conflict the author recounts episodes from the earlier mexican war 1846 1848 when grant and lee and many other officers who would later oppose each other were comrades in arms this vivid narrative brings to life a crucial turning point in american history showing how character and circumstances combined to have a decisive influence on the course of events

in every decade of the twentieth century there was one sensational murder trial that riveted public attention and at the time was called the trial of the century this book tells the story of each murder case and the dramatic trial and media coverage that followed starting with the murder of famed architect stanford white in 1906 and ending with the o j simpson trial of 1994 the authors recount ten compelling tales spanning the century each is a story of celebrity and sex prejudice and heartbreak and all reveal how often the arc of american justice is pushed out of its trajectory by an insatiable media driven to sell copy the most noteworthy cases are here including the lindbergh baby kidnapping the sam sheppard murder trial the fugitive the helter skelter murders of charles manson and the o j simpson murder trial but some cases that today are lesser known also provide fascinating glimpses into the tenor of the time the media sensation created by yellow journalist william randolph hearst around the murder trial of 1920s movie star roscoe fatty arbuckle the murder of the scarsdale diet guru by an elite prep school headmistress in the 1980s and more the authors conclude with an epilogue on the infamous casey anthony tot mom trial showing that the twenty first century is as prone to sensationalism as the last century this is a fascinating history of true crime justice gone awry and the media often at its worst
