over recent decades criminological research has changed from a gender blind discipline which equated crime with men and thus ignored questions about gender to an approach that studied gender by showing statistical differences between men and women and then finally to a more inclusive and elaborate gender theoretical approach to

crime and crime control however despite this development research on gender and in particular research on gendered norms and the construction and enactment of masculinities within the criminological field has been unable to keep up with developments in gender research since 1990 only a few anthologies with a gender theoretical orientation focusing on masculinities within the criminological research field have been published many of the theoretical developments in gender research still have difficulties in reaching into mainstream criminology partly because such developments are often published in feminist and or gender theoretical journals this volume both problematizes and renders visible conceptions and norms regarding male behaviour and masculinities and shows how these affect the criminological field through providing a theoretically sound and clear gender perspective to this field of research with sections based around the following three themes negotiations of masculinity in institutional settings vulnerable masculinities and risk taking and masculinities this volume will be of interest to scholars of criminology sociology social work and gender studies as well as policy makers and law enforcement professionals

contemporary criminological issues moving beyond insecurity and exclusion tackles some of today s most pressing social issues from the criminalization of indigenous peoples to interpersonal violence border control and armed conflicts advances cutting edge theories and methods to make sense of these issues and proposes policy responses that promote social inclusion and security this book advances cutting edge theories and methods with the aim of moving beyond the scholarship that reproduces insecurity and exclusion the breadth of approaches encompasses much of the current critical criminological scholarship serving as a counterpoint to the growth of managerial and administrative criminologist and the rise of explicitly exclusionary and punitive state policies and practices with respect to crime and security this edited collection featuring two books one in english and one in french includes important contributions to knowledge and public policy by eminent experts and emerging scholars published in english also available in french enjeux criminologiques contemporains au delà de l'insécurité et de l'exclusion

c wright mills and the criminological imagination investigates the emergence and lineage of a criminological concept indebted to mills thought adapting and applying it to a specifically criminological context with attention to theoretical concerns as well as the application of the criminological imagination in concrete empirical research this volume sheds new light on the methodological and analytical aspects of the criminological imagination as a multifaceted concept exploring the possibilities that it offers for the

emergence of an imaginative criminological practice

widespread and significant forms of harm such as green or environmental harm have generally been overlooked by criminologists this book argues that green harm needs to become a key area of study within the discipline of criminology and considers how the discipline can be redesigned the authors propose an environmental frame of reference which can be addressed from within criminology and which enables criminologists and environmentalists to respond and react differently to environmental crime

animal abuse interpersonal violence a comprehensive examination of the causes of and links between interpersonal and interspecies violence animal abuse interpersonal violence a psycho criminological understanding addresses the many aspects of the link between animal cruelty and human violence presenting new theory research policy and practice this authoritative volume explores the subject through a psycho criminological lens to describe explain and potentially prevent intentional behavior that causes pain suffering or death in animals and humans with an integrated theoretical practical approach animal abuse interpersonal violence offers up to date research and provides real world insights into current thinking in the study of animal abuse and interpersonal violence sixteen in depth chapters by a multidisciplinary team of active researchers and experienced field practitioners examine central topics in the field including different forms of animal exploitation connections between animal cruelty and substance abuse the association between childhood animal cruelty and adult interpersonal violence the role of veterinarians in the identification of animal abuse cases the complex legal aspects of animal abuse cases and more advances scholarship on animal abuse its relationship with interpersonal violence and the psycho criminological mechanisms involved in that relationship introduces readers to contemporary research on a range of topics and issues related to animal abuse and interpersonal violence examines the origins of animal cruelty its societal implications and various prevention and treatment approaches defines and describes various types of animal maltreatment and their links to different forms of interpersonal violence animal abuse interpersonal violence a psycho criminological understanding is essential reading for practitioners researchers scholars and advanced students in fields such as behavioral science law criminology veterinary forensics criminal justice law enforcement social work sociology social sciences education and animal welfare

in the fourth edition of essential criminology authors mark m lanier stuart henry and desire m anastasia build upon this best selling critical review of criminology which has become essential reading for students of criminology in the 21st century designed as an alternative to overly comprehensive lengthy and expensive introductory texts essential criminology is as its title implies a concise overview of the field the book guides students through the various definitions of crime and the different ways crime is measured it then covers the major theories of crime from individual level classical and rational choice to biological psychological social learning social control and interactionist perspectives in this latest edition the authors explore the kind of criminology that is needed for the globally interdependent twenty first century with cutting edge updates illustrative real world examples and new study tools for students this text is a necessity for both undergraduate and graduate courses in criminology

why do people commit crimes how do we control crime the theories that criminologists use to answer these questions are built on a number of underlying assumptions including those about the nature of crime free will human nature and society these assumptions have a fundamental impact on criminology they largely determine what

criminologists study the causes they examine the control strategies they recommend and how they test their theories and evaluate crime control strategies in toward a unified criminology noted criminologist robert agnew provides a critical examination of these assumptions drawing on a range of research and perspectives to argue that these assumptions are too restrictive unduly limiting the types of crime that are explored the causes that are considered and the methods of data collection and analysis that are employed as such they undermine our ability to explain and control crime agnew then proposes an alternative set of assumptions drawing heavily on both mainstream and critical theories of criminology with the goal of laying the foundation for a unified criminology that is better able to explain a broader range of crimes

designed as an alternative to overly comprehensive lengthy and expensive introductory texts essential criminology is as its title implies a concise overview of the field the book guides students through the various definitions of crime and the different ways crime is measured

this new edition of the authors popular text reader provides instructors and students with the best of both worlds authored text with carefully selected accompanying readings thoroughly updated throughout this second edition provides an interdisciplinary perspective on crime and criminality that incorporates the latest theories concepts and research from sociology psychology genetics evolutionary biology and the neurosciences book jacket
