to best serve current and future generations infrastructure needs to be resilient to the changing world while using limited resources in a sustainable manner research on and funding towards sustainability and resilience are growing rapidly and significant research is being carried out at a number of institutions and centers worldwide this handbook brings together current research on sustainable and resilient infrastructure and in particular stresses the fundamental nexus between sustainability and resilience it aims to coalesce work from a large and diverse group of contributors across a wide range of disciplines including engineering technology and informatics urban planning public policy economics and finance not only does it present a theoretical formulation of sustainability and resilience but it also demonstrates how these ideals can be realized in practice this work will provide a reference text to students and scholars of a number of disciplines

interviews focus groups and questionnaires are everyday tools of the academic researcher in business and management studies most research degrees and many academic peer reviewed journal papers have employed one or more of these techniques ironically the knowledge and skills required to use these tools are not often well taught and the books available on these topics can be daunting this highly accessible book addresses these three field methods and explains how they may be employed to good effect the book also provides examples or research protocols letters and checklists which are of direct use to researchers using these methods

a new york times and million copy bestseller the classic handbook on reading aloud to children revised and updated recommended by dear abby the new york times and the washington post for three decades millions of parents and educators have turned to jim trelease s beloved classic to help countless children become avid readers through awakening their imaginations and improving their language skills now this new edition of the read aloud handbook imparts the benefits rewards and importance of reading aloud to children of a

new generation supported by delightful anecdotes as well as the latest research the read aloud handbook offers proven techniques and strategies and the reasoning behind them for helping children discover the pleasures of reading and setting them on the road to becoming lifelong readers

this handbook presents a timely broad ranging and provocative overview of the essential nature of ecotourism the chapters will both advance the existing central themes of ecotourism and provide challenging and divergent observations that will thrust ecotourism into new areas of research policy and practice the volume is arranged around four key themes sustainability ethics and identity change conflict and consumption and environment and learning with a total of 28 chapters the first section focuses on sustainability as a core ecotourism criterion with a primary focus on some of the macro sustainability issues that have an impact on ecotourism foremost among these topics is the linkage to the un s sustainable development goals which have relevance to ecotourism as one of the greenest or most responsible forms of tourism the chapters in the second section provide a range of different topics that pull ecotourism research into new directions including a chapter on enriching indigenous ecotourism through culturally sensitive universalism the third section includes chapters on topics ranging from persons with disabilities as a neglected body of research in ecotourism to ecotourism as a form of luxury consumption the final section emphasises the link between ecotourism and learning about the natural world including a deeply theoretical chapter on rewilding europe with contributions from authors around the world this handbook gives a global platform to local voices in both developed and emerging country contexts the multidisciplinary and international routledge handbook of ecotourism will be of great interest to researchers students and practitioners working in tourism and sustainability

the oxford handbook of the sociology of africa presents a comparative analysis of sociological thinking in africa focusing on examples from africa this diverse collection presents to a broad readership an accessible comprehensive up to date and topical analysis of sociological thinking in africa sociological discourse about african societies has been challenging and difficult due to a lack of both comprehensive analyses and holistic sociological evidence that covers africa from past to present this handbook locates african sociological thinking in historical context and takes a critical look at its current manifestations across the continent

this book gives you all you need to know about action research why you need to know it and how it can help you become a self reflective practitioner researcher it provides the ideas and

frameworks to understand action research combined with a practical workbook to guide you through the practicalities and complexities of doing action research in your own context inside you will find an action plan to help you embark on your project guidance and advice on learning to ask the right questions as you progress a full resource on writing up and communicating your results inspiration to explain the significance of what you have achieved so that other people can learn with and from you accessible and insightful this is the complete start to finish guide to doing influential action research it is the ideal companion for students and researcher practitioners in any research setting from education and health to business

the handbook offers a robust theoretical underpinning and critical outlook on current global glocal and new sexualities and practices whilst offering an extensive reflection on current challenges and future directions of the field

this handbook fills a large gap in the current knowledge about the critical role of africa in the changing global order by connecting the past present and future in a continuum that shows the paradox of existence for over one billion people the book underlines the centrality of the african continent to global knowledge production the global economy global security and global creativity bringing together perspectives from top africa scholars it actively dispels myths of the continent as just a passive recipient of external influences presenting instead an image of an active global agent that astutely projects soft power unlike previous handbooks this book offers an eclectic mix of historical contemporary and interdisciplinary approaches that allow for a more holistic view of the many aspects of africa s relations with the world

an indispensable guide for scholars completing interdisciplinary research in the field of the developmental origins of health and disease

this handbook provides a broad overview of left wing extremism and its associated key issues and themes it breaks new ground by assembling a comparative analysis of the phenomenon that is both multidimensional and multidisciplinary gathering a wide range of influential scholars who have worked at length in the field of extremism studies from different perspectives backgrounds and geographical settings the palgrave handbook of left wing extremism presents an array of thought provoking and innovative as well as informative analyses and discussions both historical and contemporary about the phenomenon of left wing extremism and of how researchers conceive of and approach it in their study the handbook is designed to be for the foreseeable future the reference work for all students

researchers and general readers interested in achieving a comprehensive understanding of left wing extremism in all its manifestations subtleties and dynamics and both its current and its potential directions

this comprehensive revision of the invaluable reference presents a rigorous survey of pain and palliative care phenomena across the lifespan and across disciplines grounded in the biopsychosocial viewpoint of its predecessor it offers up to date understanding of assessments and interventions for pain the communication of pain common pain conditions and their mechanisms and research and policy issues in keeping with the current public attention to painkiller use and misuse contributors discuss a full range of pharmacological and non pharmacological approaches to pain relief and management and palliative care is given expanded coverage with chapters on interventional ethical and spiritual concerns pain intercultural communication and narrative medicine assessment of pain tools challenges and special populations persistent pain in the older adult practical considerations for evaluation and management acute to chronic pain transition in the post surgical patient evidence based pharmacotherapy of chronic pain complementary and integrative health in chronic pain and palliative care the patient's perspective of chronic pain disparities in pain and pain care this mix of evolving and emerging topics makes the second edition of the handbook of pain and palliative care a necessity for health practitioners specializing in pain management or palliative care clinical and health psychologists public health professionals and clinicians and administrators in long term care and hospice

the sage handbook of peace and conflict studies offers a comprehensive exploration of the complexities of violence conflict and peace from a global interdisciplinary perspective the handbook addresses the traditional western centric approach while emphasizing the need to integrate global south perspectives to create a more inclusive and transformative understanding of peace and conflict while important voices in peace and conflict studies have long stressed the need to not only address direct violence but also structural and cultural one certain strands of the field have upheld conservative knowledge production and reinforced unequal power structures this volume seeks to challenge these biases by foregrounding critical and decolonial approaches that emphasize gender race culture global history and political economy its diverse chapters invite us to question mainstream assumptions and promote a broader more inclusive analysis of peace and conflict the handbook explores the evolution of the field highlighting the impact of historical events and the role of oppositional knowledge in political change it offers a critical overview of

theoretical approaches emphasizing reflexivity inclusivity and the importance of local actors in peace and conflict dynamics additionally it examines how cultural and disciplinary assumptions shape peacebuilding and conflict transformation and it critiques traditional global narratives on issues like governance climate change and human rights finally the handbook presents real world case studies that integrate themes of decoloniality race gender and power inequalities across diverse global contexts by centering the global south and integrating interdisciplinary perspectives this handbook provides valuable insights for scholars and practitioners committed to fostering a more equitable and just world section 1 history knowledge and power in peace and conflict studies section 2 theory and analysis in peace and conflict studies section 3 practices and approaches in peace and conflict studies section 4 global issues institutions and change in peace and conflict studies section 5 case studies in peace and conflict studies

the principle of the conventional activated sludge cas for municipal wastewater treatment is primarily based on biological oxidation by which organic matters are converted to biomass and carbon dioxide after more than 100 years successful application the cas process is receiving increasing critiques on its high energy consumption and excessive sludge generation currently almost all municipal wastewater treatment plants with the cas as a core process are being operated in an energy negative fashion to tackle such challenging situations there is a need to re examine the present wastewater treatment philosophy by developing and adopting novel process configurations and emerging technologies the solutions going forward should rely on the ways to improve direct energy recovery from wastewater while minimizing in plant energy consumption this book begins with a critical overview of the energy situation and challenges in current municipal wastewater treatment plants showing the necessity of the paradigm shift from removal to recovery in terms of energy and resource as such the concept of a b process is discussed in detail in the book it appears that various a b process configurations are able to provide possible engineering solutions in which a stage is primarily designed for cod capture with the aim for direct anaerobic treatment without producing excessive biosludge while b stage is designated for nitrogen removal making the wastewater treatment energy self sustainable is obviously of global significance and eventually may become a game changer for the global market of the municipal wastewater reclamation technology the principal audiences include practitioners professionals university researchers undergraduate and postgraduate students who are interested and specialized in municipal wastewater treatment and process design environmental engineering and environmental biotechnology

this comprehensive handbook examines relationships between religion politics and ideology with a focus on several world religions christianity islam buddhism hinduism and judaism in a variety of contexts regions and countries relationships between religion politics and ideology help mould people s attitudes about the way that political systems both domestically and internationally are organised and operate while conceptually separate religion politics and ideology often become intertwined and as a result their relationships evolve over time this volume brings together a number of expert contributors who explore a wide range of topical and controversial issues including gender nationalism communism fascism populism and islamism such topics inform the overall aim of the handbook to provide a comprehensive summary of the relationships between religion politics and ideology including basic issues and new approaches this handbook is a major research resource for students researchers and professionals from various disciplinary backgrounds including religious studies political science international relations and sociology

how is the internet produced as an infrastructure in post socialist lithuania migle bareikyte contributes to the growing field of sts and media studies with a distinct focus on eastern europe she situates the internet development in lithuania s telecom industry with the exploration of its labor practices geopolitical imaginaries and critical negotiations from a bottom up perspective bareikyte further explores how fieldwork based research can foster new theorizations of media infrastructures finally she argues for a situated investigation of new places and actors beyond the united states and western europe such as post socialist regions in order to explore the diversity of media infrastructures
