the five volume oxford history of protestant dissenting traditions series is governed by a motif of migration out of england it first traces organized church traditions that arose in england as dissenters distanced themselves from a state church defined by diocesan episcopacy the book of common prayer the thirty nine articles and royal supremacy but then follows those traditions as they spread beyond england and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of dissent secondly it does the same for the doctrines church practices stances toward state and society attitudes toward scripture and characteristic patterns of organization that also originated in earlier english dissent but that have often defined a trajectory of influence independent ecclesiastical organizations volume iv examines the globalization of dissenting traditions in the twentieth century during this period protestant dissent achieved not only its widest geographical reach but also the greatest genealogical distance from its point of origin covering africa asia the middle east america europe latin america and the pacific this collection provides detailed examination of protestant dissent as a globalizing movement contributors probe the radical shifts and complex reconstruction that took place as dissenting traditions encountered diverse cultures and took root in a multitude of contexts many of which were experiencing major historical change at the same time this authoritative overview unambiguously reveals that dissent was transformed as it travelled

africans influence in the atlantic world before 1960 was not confined to their roles as victims in the one way forced migration of the atlantic slave trade and their labor on new world plantations from the mid eighteenth century to the mid twentieth century black people in the divided communities of the four atlantic continents struggled to overcome geographical and cultural separations and build a broad coalition against discrimination and exploitation david northrup offers a collection of primary sources that presents the social political and intellectual interactions of black people around the

atlantic in their quests for advancement liberation and emancipation his thoughtful introduction explores the themes woven through the history of the black atlantic in particular black people's search for security and self fulfillment and their effort to find their place in a common humanity document headnotes a chronology of key events questions for consideration and a selected bibliography offer additional pedagogical support

africa is a theme park for western tourists to experience untouched wilderness untamed nature and truly authentic cultures where the hosts too are part of a discourse about the other and ourselves about wildness danger and roots tourism is important for africa international tourist arrivals to africa continue to grow income from tourism is crucial to national economies and tourism investments are considered among the most profitable this edited volume deals with the interaction of local communities with tourists coming into their areas and villages based upon a common theoretical approach fourteen cases of african tourism are discussed which involve direct contact between hosts and guests the viewpoint throughout is from the side of the locals establishing how the processes of interaction shape each small scale destination crucial in africa is the fact that the large majority of tourism is game oriented and the interaction between locals and visitors is very much tainted by this fact central is the notion of the tourist bubble the infrastructure that is generated locally and internationally for hosting tourists as it is this institutional interface that tends to impact on the local society and culture not the tourists themselves directly the examples come from all over africa from the sahara to the eastern cape and from kenya to ghana all contributions are based upon original fieldwork walter van beek is professor of anthropology at tilburg university and senior researcher at the african studies centre leiden annette schmidt is curator of the african department at the national museum of ethnology in leiden and is an archaeologist with a long experience in cultural management projects

slavery in the great lakes region of east africa is a collection of ten studies by the most prominent historians of the region slavery was more important in the great lakes region of eastern africa than often has been assumed and africans from the interior played a more complex role than was previously recognized the essays in this collection reveal the connections between the peoples of the region as well as their encounters with the conquering europeans the contributors challenge the assertion that domestic slavery increased in africa as a result of the international trade slavery in this region was not a uniform phenomenon and the line between enslaved and non slave labor was fine kinship ties could mark the difference between free and unfree labor social categories were not always clear cut and the status of a slave could change within a lifetime contents introduction by henri médard language evidence of slavery to the eighteenth century by david schoenbrun the rise of slavery social change in unyamwezi 1860 1900 by jan georg deutsch slavery forced labour in the eastern congo 1850 1910 by david northrup legacies of slavery in north west uganda the one eleventh by mark leopold human booty in buganda the seizure of people in war c 1700 c 1900 by richard reid stolen people autonomous chiefs in nineteenth century buganda by holly hanson women's experiences of slavery in late nineteenth early twentieth century uganda by michael w tuck slavery social oppression in ankole 1890 1940 by edward i steinhart the slave trade in burundi rwanda at the beginning of german colonisation 1890 1906 by jean pierre chretien bunyoro the demography of slavery debate by shane doyle

this handbook places emphasis on modern contemporary times and offers relevant sophisticated and comprehensive overviews it aims to emphasize the religious economic political cultural and social connections between africa and the rest of the world and features comparisons as well as an interdisciplinary approach in order to examine the place of africa in global history this book makes an important contribution to the discussion on the place of africa in the world and of the world in africa an outstanding work of scholarship it powerfully demonstrates that africa is not marginal to global concerns its labor and resources have made our world and the continent deserves our respect mukhtar umar bunza professor of social history usmanu danfodiyo university sokoto and commissioner for higher education kebbi state nigeria this is a deep plunge into the critical place of africa in global history the handbook blends a rich set of important tapestries and analysis of the conceptual framework of african diaspora histories imperialism and globalization by foregrounding the authentic voices of african interpreters of transnational interactions and exchanges the handbook demonstrates a genuine commitment to the promotion of decolonized and indigenous knowledge on african continent and its peoples samuel oloruntoba visiting research professor institute of african studies carleton university

this anthology reflects the complex processes in the production of historical knowledge and memory about sierra leone and its diaspora since the 1960s the processes while emblematic of experiences in other parts of africa contain their own distinctive features the fragments of these memories are etched in the psyche bodies and practices of africans in africa and other global landscapes and on the other hand are embedded in the various discourses and historical narratives about the continent and its peoples even though africans have reframed these discourses and narratives to reclaim and re center their own worldviews agency and experiences since independence they remained until recently heavily sedimented with western colonialist and racist ideas and frameworks this anthology engages and interrogates the differing frameworks that have informed the different practices professional as well as popular of retelling the sierra leonean past in a sense therefore it is concerned with the familiar outline of the story of the making and unmaking of an african nation and its constituent race ethnic class and cultural fragments from colonialism to the present yet sierra leone the oldest and quintessential british colony and most pan african country in the continent provides interesting twists to this familiar outline the contributors to this volume who consist of different generations of very accomplished and prominent scholars of sierra leone in africa the united states and europe provide their own distinctive reflections on these twists based on their research interests which cover ethnicity class gender identity formation nation building resistance and social conflict their contributions engage various paradoxes and transformative moments in sierra leone and west african history they also reflect the changing modes of historical practice and perspectives over the last fifty years of independence

examines the full range of african european encounters from an unfamiliar african perspective rather than from the customary european one publisher description

some programs include also the programs of societies meeting concurrently with the association
