described as a strange and poetic fantasy similar to the work of Tolkien by the San Francisco book review will transport readers to a lost world and remind them of the power of poetry and imagination. Alejandro de Yepes and Jesús Rocamora, young officers in the Spanish regular army, are stationed alone at Castillo when a friendly redhead named Petrus appears out of nowhere. There is something magnetic and deeply mysterious about him. Alejandro and Jesús are bewitched and in the middle of the sixth year of the longest war humankind has ever endured, they abandon their post to follow him across a bridge that only he can see. Petrus brings them to a world of lingering fog, strange beings, poetry, music, natural wonders, harmony, and extraordinary beauty. This is where the fate of the world and all its living creatures is decided. Yet this world too is under threat: a long battle against the forces of disenchantment is drawing to a climactic close. Will poetry and beauty prevail over darkness and death, and what role will Alejandro and Jesús play?

Morel, Timothy Parrish, Ross Posnock, Patrice Rankine, Grant Shreve, Eric J. Sundquist, and Steven E. Tracy. Ralph Ellison once said we're only a partially achieved nation in the new territory. Scholars show how clearly Ellison foresaw and articulated both the challenges and the possibilities of America in the twenty-first century. Indeed, Ellison in these new essays appears more and more to be a cultural prophet of twenty-first-century America. As literary scholar Ross Posnock states, "In our global transnational age, the renewed promise of cosmopolitan democracy has emerged as an animating ideal of popular, political, and academic culture. This is a way of saying that we are only now beginning to catch up with Ralph Waldo Ellison." In this collection, the editors offer fourteen original essays that seek to examine and re-examine Ellison's life and work in the context of its meanings for our own age. The early twenty-first century, the age of Obama, a period that is seemingly post-racial and yet all too acutely racial, following a careful introduction that situates Ellison's writings in the context of new approaches and interest in his work, the book offers new essays examining Ellison's 1952 masterpiece, *Invisible Man*. It then turns to his vast unfinished second novel, *Three Days Before the Shooting*, with detailed readings of that powerful and elusive narrative. These essays are the first sustained treatments of that posthumous work. The new territory concludes with five chapters that discuss Ellison's political, cultural, and historical significance, probing how he speaks to the contemporary moment and beyond.
