an excellent addition to our understanding of rural development and intergovernmental management its solid scholarship enlightened conceptual framework and clear writing style make it a welcome addition to the field of public policy and administration b j reed university of nebraska at omaha

charles walcott and karen hult maintain that the organization of the white house influences presidential performance much more than commonly thought and that organization theory is an essential tool for understanding that influence their book offers the first systematic application of organizational governance theory to the structures and operations of the white house office using organizational theory to analyze what at times has been a rather ad hoc and disorganized office might seem quixotic after all the white house office exists within a turbulent political environment that encourages expedient decision making and every four to eight years it must be reinvented by presidents who have their own theories and preferences about how to organize a staff to serve their policy needs but walcott and hult argue that white house staffs are not simply puppets of presidential preference and style yes staff structures evolve primarily from presidents strategic responses to external demands but those structures in turn significantly influence how the executive branch perceives and responds to further demands the first part of their book lays out the theoretical argument the second examines white house outreach congressional liaison press relations personnel selection executive branch oversight and interest group and intergovernmental liaison the third focuses on white house handling of policy development and implementation the fourth analyzes staff structures that facilitate the

operation of the presidency itself presidential writing and scheduling staff management and cabinet coordination the book concludes by identifying general patterns in the emergency nature and stability of governance structures in the white house original and instructive governing the white house provides a much needed primer on the inner workings of the white house staff and will be an essential volume for anyone studying the presidency

the public outcry for a return to moral education in our schools has raised more dust than it s dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another s ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth telling lying making and keeping promises obedience character and responsibility he also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education

knott observes that thomas jefferson and his followers and later andrew jackson and his adherents tended to view hamilton and his principles as un american while his policies generated mistrust in the south and the west where he is still seen as the founding plutocrat hamilton was revered in new england and parts of the mid atlantic states hamilton s image as a champion of american nationalism caused his reputation to soar during the civil war at least in the north however in the wake of gilded age excesses progressive and populist political leaders branded hamilton as the patron saint of wall street and his reputation began to disintegrate book jacket

the first book in more than seven decades to examine the presidential election that ushered in the new deal and franklin roosevelt s unprecedented four term presidency explains how the democratic party rebuilt itself after three successive republican landslides and how it managed to maintain that power for as long as it did

a wide ranging and idiosyncratic look at sixty years of politics and film that uncovers how american movies have mirrored and even challenged anxieties and paranoid perceptions embedded in american society since the start of the cold war the first book to take a sweeping look at 60 years of film and analyze them thematically
