my other works are wine and water said samuel johnson to samuel rogers but my rambler is pure wine some critics have disagreed labeling the essays uneven and dismissing the bulk of them as hastily concocted hackwork by a writer taking a break from or earning money for a more important project the dictionary of the english language yet steven lynn in the first book length study of the rambler resoundingly contradicts such critics combining deconstruction and other current methods with eighteenth century rhetorical theories lynn refutes conventional critical wisdom among johnsonians asserting that the 208 rambler essays form a coherent whole lynn argues that a controlling tenet in the series is that we are each and every one ramblers wandering and searching for some stable meaning and satisfaction which will inevitably elude us in this world by confronting this absence johnson like a deconstructive theologian leads us repeatedly to acknowledge the

necessity of faith for lynn furthermore the unifying thread running through the series is expressed in the prayer johnson composed as he embarked on the journey of the rambler almighty god without whose grace all wisdom is folly grant i beseech thee that in this my undertaking thy holy spirit may not be withheld from me but that i may promote thy glory and the salvation both of myself and others as lynn shows though johnson anticipates deconstruction his controlling evangelistic aim differs profoundly and instructively from it
