when the rand collapsed from 7 60 to 13 84 to the us dollar in 2001 kevin wakeford blew the whistle accusing three big corporates and one global bank of being party to manipulation in the currency markets wakeford predicted that the rand was on its way to 20 30 40 and possibly 50 to the dollar which would have thrown the seven year old democracy into economic and political turmoil as a result of his intervention a rand commission was set up by president mbeki to investigate his claims and the rand s collapse was arrested and reversed the rand commission was however shut down prematurely and wakeford was fired as ceo of the south african chamber of business while the enron and worldcom scandals in the united states triggered comprehensive corporate reform it seemed that south african authorities were determined to cover up any wrongdoing in the assault on the rand barry sergeant tells the explosive story of the rand s collapse and the events that followed he also explores more recent banking scandals around the world giving a hard hitting exposé of greed collusion and manipulation in the markets

the role of business in global governance offers an empirically rich analysis of the new political role of corporations in the co performance of governance functions beyond the state within comparative case studies potential explanations of the political role of transnational corporations are systematically tested
