a comprehensive analysis of the legal challenges and practical consequences of applying international human rights law in armed conflict situations

the successor to international human rights in context law politics and morals

human rights cannot be defended by legal measures alone they need to be protected and safeguarded by everyone including young people human rights are best respected and appreciated when we know them stand up for them and apply them in our lives compass provides youth leaders teachers and facilitators of human rights education activities whether professionals or volunteers with concrete ideas and practical activities to engage involve and motivate young people in living learning and acting for human rights it promotes a comprehensive perspective on human rights education and sees young people as actors for a culture of universal human rights compass was originally published in 2002 and is now available in more than 30 languages a version specifically designed for human rights education with children compasito enjoys a similar success this fully revised and updated edition includes new activities and information about human rights issues such as disability and disablism migration religion remembrance war and terrorism compass is a practical tool and resource for citizenship and human rights education it is an essential companion for all those who are curious and interested in making the right to human rights education a reality for everyone

this book offers a stimulating introduction to the links between areas of global governance human rights global economy and international law by drawing on a range of diverse subject areas errol p mendes argues that the foundations of global governance human rights and international law are undermined by a conflict or tragic flaw where insistence on absolute conceptions of state sovereignty are pitted against universally accepted principles of justice and human rights resulting in destructive self interest for both the state and the global community the book explores how human rights and international law are applied in some of the critical institutions of global governance and in the operations of the global private sector and how states institutions and global civil society struggle to fight this tragic flaw the book is brought up to date by considering developments in the role of the imf the world bank bilateral investment treaties the likely failure of the doha round of wto negotiations the legacy of the 2008 financial crisis and the role of the international criminal court and the evolving responsibility to protect doctrine in international peace and security crises in the middle east central and west africa among other regions of the world with its intensely interdisciplinary approach this book motivates new thinking in the realm of global governance and international law and promotes the development of new strategies for negotiating between conflicting leadership and organisational values within global institutions the book will be of great interest and use to students and researchers of public international law international relations and political science business and human rights global governance and international trade and economic law

over the past sixty years the regional human rights systems have surpassed the un human rights bodies in affording protection to the victims of human rights violations most of these systems have courts that are empowered to issue legally binding judgments and reparations for violations of human rights which states have been unwilling to accord the un system the essays selected for this volume examine the structure and functioning of the principal regional human rights systems in the world today 1 the inter american commission and court of human rights 2 the european court of human rights 3 the african commission and court of human and peoples rights and 4 the asean intergovernmental human rights commission these systems guarantee primarily civil and political rights central to all four systems is the necessity of a democratic form of government to guarantee these rights although not all governments parties to these regional treaties are democracies these articles trace the history of these systems in particular the expansion of their membership to include almost all independent countries in the region and their evolution towards recognition of a right to democracy

this book presents the findings of the first comprehensive study on the most recent and most unique and innovative method of monitoring international human rights law at the united nations since its existence there has yet to be a complete and comprehensive book solely dedicated to exploring the universal periodic review upr process women and international human rights law provides a much needed insight to what the process is how it operates in practice and whether it meets its fundamental aim of promoting the universality of all human rights the book addresses the topics with regard to international human rights law and will be of interest to researchers academics and students interested in the monitoring and implementation of international human rights law at the united nations in addition it will form supplementary reading for those students studying international human rights law on undergraduate programmes and will also appeal to academics and students with interests in political sciences and international relations

prepared for distribution at the prisoners rights program january march 1979

as we continue in an era of simultaneous innovation and commoditization enabled by digital technologies managers around the world are asking themselves how can we both adapt to rapid changes in technology and markets and still make enough money to survive and thrive to provide answers to these important and urgent questions mit sloan school of management professor michael cusumano draws on nearly 30 years of research into the practices of global corporations that have been acknowledged leaders and benchmark setters including apple intel google microsoft toyota sony panasonic and others in a range of high technology services and manufacturing industries these companies have also encountered major challenges in their businesses or disruptions to their core technologies if we look deeply enough he contends we can see the ideas that underpin the management practices that make for great companies and drive their strategic evolution and innovation capabilities from his deep knowledge of these organizations cusumano distils six enduring principles that he believes

have been in various combinations crucial to their strategy innovation management practices and ability to deal with change and uncertainty the first two principles platforms not just products and services especially for product firms are relatively new and broader ways of thinking about strategy and business models based on cusumano s latest research the other four capabilities not just strategy or positioning the pull concept not just push economies of scope not just scale and flexibility not just efficiency all contribute to agility which is a mix of flexibility and speed many practices associated with these ideas such as dynamic capabilities just in time production iterative or prototype driven product development flexible design and manufacturing modular architectures and component reuse are now commonly regarded as standard best practices these six enduring principles are essential in a new world dominated by platforms and technology enabled services
