monograph on economic development trends in latin america during the historical period from about 1930 to 1950 includes references and statistical tables

at the end of world war ii several latin american countries seemed to be ready for industrialization and self sustaining economic growth instead they found that they had exchanged old forms of political and economic dependence for a new kind of dependency on the international capitalism of multinational corporations in the much acclaimed original spanish edition *dependencia y desarrollo en américa latina* and now in the expanded and revised english version cardoso and faletto offer a sophisticated analysis of the economic development of latin america the economic dependency of latin america stems not merely from the domination of the world market over internal national and enclave economies but also from the much more complex interaction of economic drives political structures social movements and historically conditioned alliances while heeding the unique histories of individual nations the authors discern four general stages in latin america's economic development the early outward expansion of newly independent nations the political emergence of the middle sector the formation of internal markets in response to population growth and the new dependence on international markets in a postscript for this edition cardoso and faletto examine the political social and economic changes of the past ten years in light of their original hypotheses at the end of world war ii several latin american countries seemed to be ready for industrialization and self sustaining economic growth instead they found that they had exchanged old forms of political and economic dependence for a new kind of dependence

in this major work an economist with long experience as an advisor in developing countries explores the conflict between market forces and political reform that has led straight into latin america's most serious problems john sheahan addresses three central concerns the persistence of poverty in latin american countries despite rising national incomes the connection between economic troubles and political repression and the relationships between latin america and the rest of the world in trade and finance as well as overall dependence his comprehensive explanation of why many latin americans identify open political systems with frustration and economic breakdown will

interest not only economists but also a broad range of other social scientists this is political economy in the classical sense of the word establishing a clear connection between the political and economic realities of latin america
