as a doctoral candidate professional business consultant and business plan writer i am often asked by aspiring and seasoned entrepreneurs alike what is the first step for starting a business or

expanding business operations when i first started out as a business consultant i would explain to my client their place in the entrepreneurial process i then support this analysis with proven academic and practicing business theory along with recommending specific steps to take after going through this process time and time again with entrepreneurs it dawned on me that the first step i always recommend is writing a business plan unfortunately most entrepreneurs do not know how to write a professionally polished and structured business plan hell most business owners don t know how to write any type of business plan at all from this issue i decided to write this book focused on a ten step process to writing a well structured business plan the business plan writing steps include all aspects of the business plan writing process beginning with developing the executive summary through constructing a professional and polished funding request in each step i introduce you to a different business plan section i then explain in layman s terms what the section means offer a business plan sample and analyze the sample to help you understand the component the objective of this detailed process is to ensure full understanding of each section and segment with the goal of you being able to write a professional business plan for yourself by yourself if you still need help writing your business plan at the end of the book i also supply you with a professionally written sample business plan and a business plan template for you to use in the end i am supremely confident that this book with the numerous tools and tips for business plan writing will help you develop your coveted business plan in a timely fashion

this book is now used by the university of kentucky entrepreneurship program this book will give you a fresh and innovative way to write a business plan that will help you complete your business plan faster avoid confusion and frustration focus on the core of your business and create more effective business strategies to help you learn the business planning process from the ground up this book gets you started with a very basic business plan and helps you expand it as you make your way through the book this way you have less confusion and frustration and are more likely to finish your business plan faster and have it be better this way you get a business plan template together practical explanations and an example so whatever your learning style might be this book has a high chance of being effective for you if business planning seems to you complex and scary this book will make it simple for you it is written in simple and clear language to help you get started and create a great business plan so what are you waiting for get this book now and start creating a great business plan for your business today also recently added in the last update of this book is a business plan sample since many people commented that they wanted a business plan example although for my taste as an entrepreneur i rather give you lots of great business planning strategies and theory that you can use in the real world instead of having a business plan template or workbook to write your business plan from after all a business plan is just a document but to make your business a success you will have to do it in the real world so when you try to figure out how to create a business plan don t just focus on the business plan document instead focus on a plan for the real world with actionable and effective strategies get the book now and start planning your business today

starting your own business is one of the most rewarding yet challenging journeys that a person may embark upon at least from a professional perspective for the most part starting a business requires identifying an opportunity in the marketplace designing a product or service to meet customers needs hiring employees to help you best serve your customers and raising money to fund your entrepreneurial endeavor this is just the tip of the iceberg because starting a business is so complex its no wonder just about any lending source be it a bank investor or even friends and family will inevitably ask you for a business plan at this point your choices are simple either hire a professional business plan writer such as myself or embark upon the ah inspiring business plan writing journey with a detailed guide such as this this leads to the purpose of the book the purpose of the book is to give you the reader a step by step guide to completing a well written and thorough business plan to use for funding purposes as a benchmark for operation targets or numerous other uses this book was written for prospective entrepreneurs startup companies business owners seeking to grow their organization and even business students faced with the need to write a business plan for coursework book and chapter structuresthe business plan writing steps

include all aspects of the business plan writing process beginning with developing the executive summary to constructing a professional and polished funding request in each step i introduce to you a different business plan section i then explain in layman s terms what the section means offer a real world business plan sample and analyze the sample to help you understand the component the objective of this detailed process is to ensure a full understanding of each section with the goal of you being able to write a professional business plan for yourself by yourself if you still need help writing your business plan at the end of the book i also supply you with professionally written samples to use samples include a general business plan restaurant business plan and a retail store business plan on a final note to put the cherry on top i have conducted and included preliminary market research for each one of the industries noted above for you to use in your personalized plan in the end i am supremely confident that this book with its numerous tools and tips for business plan writing will help you develop your coveted business plan in a timely fashion

aligning with current difficult economic times this book helps libraries assist users entering or already involved in the small business community

business plan essentials will help learners and business owners to recognize the importance of a business plan formulate a well structured business plan analyze their market and write a marketing and operational plan discover various techniques for forming a business plan with the help of samples relevant to the real world a practical guide for business students entrepreneurs and veteran business owners for creating an effective business plan a crucial factor that influences the success of a business is a business plan without a business plan an organization crumples down business plan essentials you always wanted to know provides all the necessary hands on tips and pieces of advice you will need to produce a pragmatic and useful business plan the book provides business plans and strategies for non profit organizations small service businesses manufacturing businesses and project developments with abundant samples that offer quick and smooth guidance about how to successfully bring a great business plan to life the book simplifies all the necessary procedures you should follow in drafting your business plan and editing it in order to turn it into a powerful document that will streamline your adventure into entrepreneurship after reading this book you will understand basics of an effective business plan how to successfully do your own marketing and market analysis how to make financial projections in your business plan the best tricks for designing and editing a useful business plan about the series business plan essentials you always wanted to know is part of the self learning management series this series is designed to help students new managers career switchers and entrepreneurs learn essential management lessons and cover every aspect of business from hr to finance to marketing to operations across any and every industry each book includes basic fundamentals important concepts and standard and well known principles as well as practical ways of application of the subject matter

table of contents introduction structure of the business plan company and financing company overview strategic and market analysis industry analysis competition pricing marketing plan financial projections how to create a profit and loss statement executive summary conclusion the whole business plan author bio introduction if you have bought this short book you are probably thinking about starting your own business we live in the 21st century and we have more business opportunities now than ever before today it is possible to start a global online business and to manage companies that are thousands of miles away from home the technology has made our lives much easier the reason you are reading this book is probably not because you don t have the idea but because you need to create a business plan and convince investors that what you plan to do is profitable before you continue reading this book i want to tell you that there is nothing to be afraid of yes writing a business plan is a bit difficult and complicated as you need to pay attention to details but yes you can write it in this short guide we will go step by step

through everything you need to know in order to write a business plan also i am going to create a fictitious company and create a business plan for it that way you can see how a complete business plan is written step by step before we start you need to know that when you are writing the business plan you should not only think as yourself but as the owner as well remember the goal is not to convince you the goal is to convince the investors so you need to put yourself in the position of the investor and make sure that what you have written is done really well the key to writing a good business plan is not only to have all the sections written such as marketing plan financial projection and so on but also to have answered all the questions that the investor might have for the project you are presenting always keep this in mind i will remind you of this many times during this book as i am going to write the potential questions with italic font this was a short introduction to what to expect in this book now let's get started
