a stimulating overview of american journeys from the eighteenth century to the present

includes list of books indexed published also separately

niagara falls is a place where lands are contested industry debated freedom harbored the spirit uplifted and fame won it overflows with stories since before digital technologies made visual reproduction easier and more abundant than ever writers composed niagara falls as symbolically meaningful but in the face of four centuries of writing on this natural wonder how does one make these stories new niagaras of ink collects anecdotes of famous writers experiences previously untold tales unique takes on well known visits and materials just too good to exclude with an anthology of some of the most engaging anglo american writing on the falls from the nineteenth to early twentieth centuries this collection invites readers to re see niagara through these lenses

an intriguing collection of more than 70 latin american essays some never before translated into english gives us the whole spectrum of concerns that have animated some of the greatest writers of our time from andres bello pablo neruda and alfonso reyes to carlos fuentes gabriel garcia marquez and rosario ferre an assembly confident ingenious aware

illustrated sheet music was one of the most democratic forms of visual imagery in the u s owned by millions of americans wooed by compelling lithographic covers who displayed and performed compositions on home pianos advancements in printing technologies in the 19th century together with an emergent commercial system that facilitated the publication and broad distribution of popular music led to a surge of elaborately illustrated sheet music this book features essays by cutting edge scholars who analyze the remarkable images that persuaded u s citizens to purchase mass produced compositions for both personal and social pleasure with some songs selling millions of copies as printed musical scores music publishers commissioned artists to draw every conceivable subject as promotional illustrations including genre scenes portraits political and historical events sentimental allegories flowers landscapes commercial buildings and maritime views as ubiquitous and democratic material culture this imagery affected ordinary people in far greater ways than unique objects like paintings and sculpture possibly could the pictures many in saturated color with bold graphics still intrigue

amaze and amuse viewers today with their originality skill and content rooted in visual analysis topics in this collection include perennially significant themes race ethnicity gender sexuality class politics war patriotism propaganda religion transportation regional centers of production technology reconstruction romance and comedy as well as bodies of work by specific illustrators and lithographic firms in recognizing the role that individuals have played in preserving these remarkable objects it also features interviews with enthusiasts who own two of the largest private collections of sheet music in the u s

an illuminating account of the interplay between science religion and nature in nineteenth century landscape painting geology was in vogue in nineteenth century america people crowded lecture halls to hear geologists speak and parlor mineral cabinets signaled social respectability and intellectual engagement this was also the heyday of the hudson river school and many prominent landscape painters avidly studied geology thomas cole asher durand frederic church john f kensett william stanley haseltine thomas moran and other artists read scientific texts participated in geological surveys and carried rock hammers into the field to collect fossils and mineral specimens as they crafted their paintings these artists drew on their geological knowledge to shape new vocabularies of landscape elements resonant with moral spiritual and intellectual ideas rebecca bedell contributes to current debates about the relationship among art science and religion by exploring this phenomenon she shows that at a time when many geologists sought to disentangle their science from religion american artists generally sidestepped the era s more materialist science particularly darwinism they favored a conservative christianized geology that promoted scientific study as a way to understand god their art was both shaped by and sought to preserve this threatened version of the science and through their art they advanced consequential social developments including westward expansion scenic tourism the emergence of a therapeutic culture and the creation of a coherent and cohesive national identity this major study of the hudson river school offers an unprecedented account of the role of geology in nineteenth century landscape painting it yields fresh insights into some of the most influential works of american art and enriches our understanding of the relationship between art and nature and between science and religion in the nineteenth century it will draw a broad audience of art historians americanists historians of science and readers interested in the american natural landscape

this volume of the complete letters of henry james 1883 1884 includes 125 letters of which 72 are published for the first

time written from january 29 1884 to november 9 1884 the letters mark henry james s confidence and achievements as an internationally important professional writer including his participation in conceiving and carrying out with editors and publishers complicated plans to distribute his work and maximize his income james details his work on mid career novels the bostonians and the princess casamassima as well as work on a number of tales that would help to define his career this volume concludes with james s anticipation of the arrival in england from the united states of his sister alice who would never again return to her homeland
