the story of japan s design ethos by muji s celebrated art director as art director for muji since 2002 japanese graphic designer kenya hara born 1958 and his aesthetic of pared back beautifully functional objects has taken the world by quiet storm with kenya hara designing japan the designer presents his vision of how his industry can contribute to the future of his country a future founded on hara s unique philosophy of beauty as well as crowd sourced wisdom from around the world the book spans history from the beginnings of professional japanese design in the 16th century to the impact of the 2011 tohoku earthquake but hara s real focus is on the future a master collaborator meticulous organizer and globally conscious innovator hara draws on more than three decades of work in design and exhibition curating as well his professional interactions with creators from many fields designing japanoffers a foundation course on the essence of japanese aesthetics while maintaining a practical approach to japan s circumstances and future possibilities hara reveals the methods by which designers in japan work with government and industry and considers how design can propose solutions for this island nation as its population ages other nations take over manufacturing and technology develops illustrations and examples recognize successful problem solving through design proving that design is a living changing industry that remains relevant not in spite of but as a partner to advancing technology

kenya hara impresses upon the reader the importance of emptiness in both the visual and philosophical traditions of japan and its application to design made visible by means of numerous examples from his own work

the world of white from muji art director kenya hara white not only plays an important role in japanese cultures in general but also in the work of kenya hara art director for muji in 100 whites hara gives 100 examples of white such as snow iceland rice and wax on the basis of these examples he discusses the importance of white in design not only as a color but as a philosophy hara describes how he experiments with the different whites he instances what they mean in the process of his work and how they influence design today 100 whites is the extension of hara s previously published book white the publication explores the essence of white which hara sees as symbolizing simplicity and subtlety kenya hara born 1958 is a japanese graphic designer a

professor at the musashino art university and since 2002 the art director for muji hara has been awarded many prizes such as the japanese cultural design award

the latest publication by designer kenya hara following his acclaimed designing design white is not a book about color it is rather the author s attempt to explore the essence of white which he sees as being closely related to the origin of japanese aesthetics symbolizing simplicity and subtlety the central concepts discussed are emptiness and the absolute void kenya hara also sees his work as a designer as a pure form of communication good communication has the distinction of being able to listen to each other rather than to press one s opinion onto the opponent kenya hara compares this form of communication with an empty container in visual communication there are equally signals whose signification is limited as well as signals or symbols such as the cross or the red circle on the japanese flag which like an empty container permit every signification and do not limit imagination it is not only the fact that the japanese character for white forms a radical of the character for emptiness that has prompted him to closely associate the color white with the state of emptiness this book offers a personal insight into the philosophy of the successful designer and author of designing design
