gwendoline summers has a special style of writing to women about some of the unique options available to them she knows what it is like to baby her husband her first book is a guide to other women seeking to take their partner in hand and make them the baby they both need him to be this is not an enforced babying guide but rather one to help women who already know that their partners need the security of diapers a pacifier and a babyish lifestyle to achieve that goal the second book covers the subject in a more extensive way about making your partner into a sissy baby a baby girl and the third book brings up an interesting question is potty training a thing of the past and is it time to reject it both for your partner and yourself this book is not just for women with ab partners but for all women whether their partners are ab or not she takes it step by step on how to slowly get your partner into diapers and other baby items if your partner is ab then you are already partway there but if they are non ab this book is still for you it is a guidebook along a journey of letting our men express the infancy inside that is so often just beneath the surface

maggie joyce married charlie an adult baby with eyes wide open back in the 1980s when abs were scarcely heard of and not at all understood over many years charlie became more and more of a baby and unlike most abs did not find a bottom to his infantile needs eventually charlie became a fulltime permanent adult infant with no significant adult behaviour left this is a rarity but it is not unknown maggie speaks from her many years of experience with a full infant and shares both her story and the advice of others who also have a complete infant and offers guidance to those who may be facing a similar situation or something approaching it most people ab and non ab alike would recoil from the mere suggestion of a total return to infancy for some it is an appealing fantasy but for others it is a destination they crave need and occasionally arrive at this book is part narrative of their journey and part guide book for those entering that most extraordinary and most challenging experience the fulltime permanent adult infant
