ideologies have not been a focus of interest in the field of
humanities and social sciences in recent decades but rethinking the
power of ideologies in the media sphere has recently returned to the
scholarly discussion the compilation book mediated ideologies nordic
views on the history of the press and media cultures participates in
this by providing selected yet justified approaches to media history
from the point of view of ideological uses of media in the nordic
region in this book the role of media comprising both popular media
and news journalism as a forum for ideologies and their circulation
will be analyzed by focusing on the nordic region the perceived
similarities in the media systems of the nordic countries constitute
a perfect extent for a regional media history against not only a
european but also a global backdrop this does not mean that there
have not been many national differences the book does not provide a
chronological narrative of nordic media history still the ideology of
media is approached not only from the standpoints of different media
forms film television newspapers magazines and periodicals but also
from several historical periods from the mid 19th century to the late
20th century the chapters show the multidimensional role that the
media has in transmitting ideologies to their audiences and the
public sphere they also demonstrate that analyzing the role of
different ideologies such as modernization nationalism solidarity
feminism and peace movement in media history provides wider
perspectives in understanding past and present media landscapes and
people s mediated experiences that are fostered by them mediated
ideologies nordic views on the history of the press and media
cultures can be used both as a reference book and as a classroom
adaption in the field of media communication and history studies

answers three urgent questions that all philosophers face how do
philosophy and the history of philosophy relate how should

philosophers generally approach the history of philosophy and what reasons should philosophers who are not historians of philosophy study the history of philosophy
