the safeguarding of children and young people participating in sport has become an increasingly prominent concern in policy making and research communities around the world major organisations such as the ioc and unicef now officially recognize that children in sport can be at risk of exploitation and abuse and this concern has led to the emergence of new initiatives and policies aimed at protecting vulnerable young people and athletes this book is the first to comprehensively review contemporary developments in child protection and safeguarding in sport on a global level the book is divided into two parts part one critically analyses current child protection and safeguarding policy and practice in sport across a range of countries including the us canada the uk australia china and germany providing a global context for current policy and practice this

represents the most comprehensive review to date of the landscape of child protection and safeguarding in sport and provides a starting point for critical international comparisons part two explores a range of issues related to child protection and safeguarding in sport including many not covered in previous books such as emotional abuse injury and over training while in many instances the impetus for policy in this area has arisen from concerns about sexual abuse the second part of this book therefore opens up a broader more holistic approach to child and athlete welfare by bringing together many of the leading researchers working in child and athlete protection in sport from around the world this book is important reading for all advanced students researchers policy makers or practitioners working in youth sport physical education sports coaching coach education or child protection

this book offers a comparative perspective on data protection and cybersecurity in europe in light of the digital revolution and the implementation of social media applications and big data innovations it analyzes threat perceptions regarding privacy and cyber security and examines socio political differences in the fundamental conceptions and narratives of privacy and in data protection regimes across various european countries the first part of the book raises fundamental legal and ethical questions concerning data protection the second analyses discourses on cybersecurity and data protection in various european countries and the third part discusses eu regulations and norms intended to create harmonized data protection regimes

the frequent failure of military or armed interventions to protect civilians is well known this edited collection provides a comprehensive account of a different effective paradigm unarmed civilian protection ucp the principles and methods of ucp have been used for many decades to protect both specific threatened individuals as well as whole communities featuring contributions from around the world this book brings together a wide range of ucp practices in order to examine their underlying theory and interrelated strategies the book provides an important illustration of the contributions ucp can make while also discussing its limitations and failures

the book deals with data protection issues from practical viewpoints 40 of the content focus on the malaysian personal data protection act pdpa 2010 progress whilst 60 of the content focus on leading comparative practical guidance from europe part of the pdpa provisions is mirrored from european approaches and practices the approach of this book is straightforward handy and readable and is supplemented by practical applications illustrations tables and diagrams practical examples highlighted in this book range from cloud computing radio frequency identification technology social media networks and information security to basic related aspects of data protection issues covering strategic leadership management governance and audit in businesses organisations and local authorities recommended best practices have been outlined for practical guidance

accompanied with future challenges and opportunities for malaysian and asean the book is equally suitable for academics practitioners governmental officials and regulators dealing with data protection within their sector specific legislation

using one of author jon markman's momentum stock models a single 10 000 investment in 1986 would be worth 5 4 million today that's ten times what the s p 500 did in online investing second edition markman builds on his innovative year trading model and shares new wealth building strategies once again demonstrating how to use the power of the internet and a home pc to do in minutes what wall street professionals do full time the book provides updated information on growth year trading and delivers new content on month trading seasonal trading patterns where momentum comes from and how to pick the stocks with the potential to gain 10 000 in 10 years in the book's highly regarded first edition this award winning author made complex investment terminology and trading strategies accessible to even the lay investor online investing second edition delivers more of markman's expert and easy to read advice complete with powerful new techniques for finding and buying the right stocks at the right time

this book on privacy and data protection offers readers conceptual analysis as well as thoughtful discussion of issues practices and solutions it features results of the seventh annual international conference on computers privacy and data protection cpdp 2014 held in brussels january 2014 the book first examines profiling a persistent core issue of data protection and privacy it covers the emergence of profiling technologies on line behavioral tracking and the impact of profiling on fundamental rights and values next the book looks at preventing privacy risks and harms through impact assessments it contains discussions on the tools and methodologies for impact assessments as well as case studies the book then goes on to cover the purported trade off between privacy and security ways to support privacy and data protection and the controversial right to be forgotten which offers individuals a means to oppose the often persistent digital memory of the web written during the process of the fundamental revision of the current eu data protection law by the data protection package proposed by the european commission this interdisciplinary book presents both daring and prospective approaches it will serve as an insightful resource for readers with an interest in privacy and data protection
