in the years between the independence of the colonies from britain and the start of the jacksonian age american readers consumed an enormous number of literary texts called fragments american fragments recovers this archive of the romantic period to raise a set of pressing questions about the relationship between aesthetic and national realities what kind of artistic creation was a fragment and how and why did deliberately unfinished writing emerge alongside a country that was itself still unfinished through discussions of eighteenth century transatlantic aesthetics the revolutionary war seduction novels religious culture and the construction of authorship daniel diez couch argues that the literary fragment was used as a means of representing individuals who did not fit neatly into the social fabric of the

nation beggars prostitutes veterans and other ostracized figures these individuals did not have a secure place in designs for the country's future yet writers wielded the artistic form of the fragment as an apparatus for surveying their disputed positionality time and again fragments asked what kind of identity marginalized individuals had and how fictionalized versions of their life stories influenced the sociopolitical circumstances of the emergent nation in their most progressive moments the writers of fragments depicted their subjects as being in process opting for a fluid version of the self instead of the bounded and coherent one typically hailed as the liberal individual traversing aesthetics political philosophy material culture and history american fragments gives new life to a literary form that at once played a significant role in the print ecology of the early republic and that endures in the works of modernist and postmodernist writers and artists

to complement the critical and objective view gleaned from the study of some sixty buildings this design manual has been developed to provide a more synthetic approach to the principles which lie behind successful daylight design these principles are illustrated with examples drawn from the case study buildings the emphasis throughout has been on practical methods to improve design rather than techniques studied for any intrinsic interest the book provides the necessary tools to assist the designer to provide well daylit interiors and shows that good daylight design is not a restriction on architectural expression but on the contrary acts as an inspiration and foundation for good architecture

resilience discourse has recently become a global phenomenon infiltrating the natural and social sciences but has rarely been undertaken as an important object of study within the field of the humanities understanding narrative in its broad sense as the representation in art of an event or story global narratives of resilience investigates the contemporary approaches to resilience through the analyses of cultural narratives that engage aesthetically and ideologically in re-shaping the notion of resilience going beyond the scales of the personal and the local to consider the entanglement of the regional national and global aspects embedded in the production of crises and the resulting call for resilience after an introductory survey of the state of the art in resilience thinking the book grounds its analyses of a wide range of narratives from the american continent europe and india in various theoretical strands spanning psycho social resilience socio ecological resilience subaltern resilience indigenous survivance and resurgence neoliberal resilience and compromised resilience thinking among others thus opening the path toward the articulation of a cultural narratology of resilience
