this book helps pet owners fully understand what it means to care for a companion animal from choosing a pet to veterinary visits and beyond pets are extremely popular in the united states

according to a recent survey one third of american homes contain one or more cats almost 40 percent of u s households include at least one dog pets serve as cherished companions for everyone from young children to senior citizens however there are responsibilities and risks involved with pet ownership and the proper care of these animals that many consider family involves much more than keeping a water dish and food bowl full this book is written by top animal health experts to explain our roles rights and health care challenges when bringing animals into our homes topics such as health first aid companion animal diseases common surgeries and alternative care for pets are all addressed information is also provided about pet birds large pets such as horses exotics such as snakes and reptiles and pocket pets such as hamsters gerbils guinea pigs and rats

randy g deutsch dvm presents an overview and discussion of some of the basic principals of dog and cat ownership including pet care pet welfare and pet owner responsibility as seen through the eyes of a veterinarian some of the topics presented include nutrition dental health traveling with pets grooming training disease prevention through pet vaccinations choosing the right pet for you parasite control wellness plans foods to avoid potty training and care of aging pets the choice of topics chosen in the book are based upon of some of the most commonly asked questions to dr deutsch by pet owners during his 39 years in veterinary practice within each topic discussed are timely tips that are practical easily understood and remembered this book should be helpful to not only the first time pet owner but also for those seasoned pet owners who have always had a dog or cat in their home the goal of a veterinarian is to provide a long healthy life for your pet and provide the best of care when the pet is not healthy pet owners who will educate themselves on preventive medicine for their pets will be the most successful in providing their pet the best of care possible

research examining potential differences between pet owners and non owners is prevalent in the scientific literature but findings have often been inconsistent although some researchers have incorporated animal preference into their investigations of pet ownership such research is scarce and inconclusive the purpose of this study was to examine individual differences that may systematically vary based on pet ownership status pet preference and gender it was predicted that the interaction of these variables would demonstrate differences among and between groups of pet owners and non owners which could help to explain some of the ambiguity of previous research a large sample of adult internet users n 1 034 living in the u s completed a series of online questionnaires that assessed pet preference and ownership as well as gender empathy loneliness depression and the big 5 personality traits we found that a pet preference that included dogs or cats was linked to higher empathy for females especially for those who owned pets pet preferences of other for males and none for females were associated with higher levels of conscientiousness a cat inclusive preference was consistently related to higher levels of empathy openness and agreeableness for both men and women these findings suggest that programs and organizations seeking to improve human well being through the facilitation of human animal interaction may be more successful if they account for related differences based on pet preference and gender

author and petsitter extraordinaire patti moran updates and expands the tremendously successful 1993 version for the growing field of pet sitting designed for people at all levels of experience from the person just starting out to the person who has established a business and wants to make it more successful the book also focuses on how to make setting up a business as easy as possible so people can operate on whatever scale they feel comfortable with pet sitting continues to grow at an extraordinary rate and this book is for everyone who wants a chance to work with animals
