posthuman worlds roberto bolaño's narrative and virtual reality presents interpretations of several novels and one short story by roberto bolaño as befits the global setting of most of these narratives they are analyzed from the perspective of global culture and politics particular attention is paid to transnational european politics as this topic is central to an understanding of the intertwined themes of politics and the law in bolaño's work in distant star and labyrinth these themes exist within the context of a preoccupation with personal identity and ideology adolfo cacheiro utilizes psychoanalytic interpretation and philosophical exegesis to clarify the subjective component of this preoccupation in the aforementioned texts the law is also a prominent theme of the savage detectives which cacheiro interprets in relation to mythology one of the most innovative aspects of this book is the discussion of the role of virtual reality in amulet and 2666 these novels are

read as representations of a posthuman world that manifest an intertextual relationship with science fiction in 2666 virtual reality unifies the diverse components of a world system in time and space a phenomenological investigation of this reality supports the conclusion that the principle subject matter of 2666 is a naturalistic theology based on technology

this book approaches in novel form what steps humanity needs to take to become a more than single planet species so we humans don't become extinct the dinosaurs didn't have a space program picture a tyrannosaurus in a space suit it uses current and projected developments to advance into low earth orbit the moon and the lagrangian balanced gravity points a small dedicated crew of explorers advance beyond earth orbit to mars the asteroid belt and dwarf planet ceres on an exploration of jupiter's trojan points in search of geologic resources they discover something that leads them eventually to a star gate established scientists keep telling them what they are doing can't be done but then take credit for their accomplishments

alberto ruiz tagle was once the quiet unknowable unpromising member of chile's young poetry scene but the military coup of 1973 sees alberto reborn as chile's leading celebrity poet carlos wieder known for his daring sky poems penned in smoke high above the cities weider's dazzling trajectory is a cause for astonishment and speculation amongst his old poetry friends where did this talent suddenly spring from and how is it connected to the disappearance of the beautiful garmendia twins told from across the years in exile in europe the narrator's attempts to trace the fate of his old circle will lead him to one last confrontation with the brutality of their generation translated by chris andrews roberto bolaño's universe huge interconnected polyphonic is formed from the collision of a wicked sense of humour and a vast and white hot moral fire his oeuvre is among the great blistering literary achievements of the twentieth century lauren groff for stunning wit brutal honesty loving humanity and a heart that bleeds into the simplest of words no other writer ever came close marlon james
