among the most expensive and most profitable films of all time the works of james cameron have had a profound effect upon popular culture and the technology of moviemaking yet the very blockbuster nature of his films means that the political commentary cultural discourse and rich symbolism within the works are often overlooked from the terminator to avatar the director has evinced a persistence of themes concerns and visions that capture the contemporary zeitgeist this collection of essays on james cameron s films written by a diverse group of scholars from a wide range of disciplines provides a comprehensive exploration of the work and legacy of one of america s foremost filmmakers

covering over 100 feature films in critical depth and detail this reader provides an excellent introduction to american genre filmmaking since 1990 these previously unpublished essays by prominent film scholars each address a different film genre from science fiction to romance to 90s noir as well as the ways in which genre filmmaking as a whole has been changed by the new technologies and market forces that are shaping the future of cinema one of the peculiar aspects of recent american genre filmmaking is its apparent facelessness its desire to subsume itself into the larger framework of genre cinema and not to identify each film as a unique exemplar what this book argues among other things is that the implicit message in contemporary genre films is rarely that which is signified by a film s external or even internal narrative structure what drives the thematic and structural concerns of recent genre cinema is the recovery of initial investment made all the more pressing by the fact that each film released theatrically now represents an investment of many millions of dollars for better or worse american genre cinema dominates the globe the hollywood genre film has become one of america s most prolific and profitable social exports these contemporary genre films all seek to further the values of their nation of origin as they journey through the world on film videotape dvds and television it is the pervasive influence and numerous subjects of these films that are analyzed here contributors include heather addison chuck berg ton conley david m desser wheeler winston dixon marc miller catherine preston stephen prince david sanjek mark a reid john tibbets jim welsh and ron wilson

film itself is an artifact of memory a blend of all the other fine arts film portrays and preserves human memory someone s memory faulty or not dramatically or comically in a documentary feature film or short hollywood may dominate 80 percent of cinema production but it is not the only voice world cinema is about those other voices drawn initially from presentations from a series of film conferences held at the university of texas at san antonio this collection of essays covers multiple geographical linguistic and cultural areas worldwide emphasizing the historical and cultural interpretation of films appendices list films focusing on memory and invite readers to explore the films and
