rené guénon 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of intellectual fashion his extensive writings now finally available in english are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the shamanistic to the indian and chinese the hellenic and judaic the christian and islamic and including also alchemy hermeticism and other esoteric currents they direct the reader also to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization this companion volume to perspectives on initiation was the first thematic collection of his guénon s writings published after his death in perspectives guénon defined the precise nature of initiation as the transmission of a spiritual influence intended to permit a being in the human state to attain the spiritual degree designated in several traditions as the edenic state thence to rise to higher states and finally to what has been called both deliverance and the state of supreme identity initiation and spiritual realization the closest thing to a work on spiritual direction rené guénon ever wrote further clarifies these themes touching upon such topics as initiatic grace the various types and functions of the spiritual master obstacles the aspirant is likely to encounter different modes of contemplation and the degrees of spiritual realization the text falls into four parts the first examines the mental and psychological obstacles that may hinder comprehension of the initiatic point of view and the quest for initiation the second develops key points concerning the nature of initiation and its preconditions one of the most commonly misunderstood being the need to conform to the essentials of a traditional exoterism the third considers certain degrees of that spiritual realization which everything preceding it aims to make more easily understandable and accessible finally the last three chapters the real keys to both books provide a comprehensive metaphysical account of the possibility of a total spiritual realization starting from our corporeal state a realization that belonged by nature and function to the divine messengers called by the various traditions prophet rasul bodhisattva and avatara

the revelation of st john the last book of the canonical bible has been a mystery since it first appeared no other part of the bible has caused more controversy traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of jerusalem in 70 a d the historical view that revelation predicts the course of human events from the founding of christianity to the end of the world or the futurist view that revelation predicts events that will occur at the end of the world it s actually none of the above writes zachary f lansdowne a leading expert in the field of spiritual initiation in the introduction to this rich and complex interpretation he writes according to its own verses the revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed this is not a book about end times or armageddon and when it might come this is a book written entirely in symbols concealing a path for early christians and for the contemporary reader lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness moreover while the revelation appears in the great lineage of judeo christian tradition lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians the revelation of st john when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in judaism chakras and kundalini in hinduism buddhist mindfulness the redemptive power of love in christianity and absolute standards of comparison in platonic philosophy zachary lansdowne s revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition
