this book discusses the american short story composite or short story cycle a neglected form of writing consisting of autonomous stories interlocking into a whole the critical work done on this genre has so far focused on the closural strategies of the composites on how unity is accomplished in these texts this study takes into consideration to a greater degree than earlier criticism the short story composite as an open work emphasizing the tension between the independent stories and the unified work between the discontinuity and fragmentation on the one hand and the totalizing strategies on the other the discussion of the genre is illustrated with references to numerous american short story composites

essay from the year 2022 in the subject african studies literature grade 13 justus liebig university giessen anglistik course an introduction to african diasporic literature in english mobility migration and cultural shifts language english abstract after a short summary this paper deals with the themes of travelling memory and history diaspora displacement diasporic imagination cross cultural encounters role of the woman gender role and travel and mobility each topic has been written in the form of an essay and works closely with the novel the gunny sack i.e. the individual examples per topic are supported by text excerpts excerpt from an essay that deals with the topic of traveling memory and history in his novel the gunny sack m.g. vassanji depicts the family history of salim whose family is in constant movement as they move from one place to another constantly accompanied by historical events this essay seeks to investigate the theme of travel memory and history through a series of examples the novel focuses on the impact of history and how history affects the present in the gunny sack the narrator salim juma unpacks his family history and thus he uncovers the past with all its attendant features be it the political history of east africa or the riddles of memories it can thus be assumed that family history serves as an extension of political history furthermore memory as a narrative device also builds a bridge between the past present and future as salim emphasizes that history must not repeat itself and fervently hopes that he will be the last migrant from his family however the past which is largely in the gunny sack should never be forgotten in addition vassanji tends to preserve collective memory and present it through the experiences of individuals the gunny sack contains many mementos each of which tells a chapter of his family's history the gunny sack is both a story about the arrival and life of an extended family in east africa and a repository for the collective memory and life stories of many other asian africans

the public outcry for a return to moral education in our schools has raised more dust than it's dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children's moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another's ideas to probe assumptions and different

perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truthtelling lying making and keeping promises obedience character and responsibility he also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education
