diva prima donna maestro virtuoso creative geniuses with the ability to deliver artistic excellence however this  
 perception can serve to tilt the balance of power in relationships and to substantiate the notion of artistic temperament  
 the master is always right and the diva must have her way the artistic genius may be hell to work with but the end result  
 the art is exceptional so behaviour deemed unacceptable in normal circumstances must be tolerated if the corporate  
 culture in the arts is in thrall to the concept of the artistic genius then across the various disciplines within the creative  
 sector the prevailing mentality may be subscribing to a set of values that allows even directly encourages behaviour and  
 employment conditions that are abusive bullying in the arts argues that this mindset can have a profoundly negative  
 effect in performing arts organisations permitting managers and other staff to ignore bullying behaviour as long as the  
 show goes on researchers in a range of disciplines and fields have studied workplace bullying and having witnessed  
 bullying in a number of different arts organisations anne marie quigg researched whether the behaviour represented  
 isolated rare occurrences in specific creative environments or if it was indicative of a more widespread problem in the  
 arts and cultural sector she discovered the highest level of bullying recorded in any single employment sector in the uk

bullying in the arts reveals dr quigg s findings including the personal organisational legal and economic consequences of bullying behaviour looking at the experiences of countries such as australia canada france sweden and the united states this book challenges the notion that the arts are beyond the limitations of the ordinary milieu exempt from the rules and regulations governing the treatment of employees arts managers and professionals teachers students and researchers in the arts world and all those in management or management education will find here a new model centred on management responses to bullying behaviour which demonstrates the beneficial effect that knowledgeable skilled action can have on the outcome of bullying incidents

this volume of annals of theoretical psychology highlights the fact that the flourishing aftermath of both freud s and lacan s ideas still exist this is done in different ways some papers focus on rereading core texts of freud and lacan others apply freud s and lacan s principles in a new and contemporaneous actuality others again transform and develop some of the core principles in psychoanalysis whereas others discuss the scientific principles that lie behind psychoanalysis this book will be important for scholars interested in psychoanalysis in general the readers should be both clinicians and others interested in psychoanalysis all over the world

laurie m johnson argues that america s culture wars may seem to have erupted in the past couple of decades but they go back centuries for those who think that christian nationalism or right wing populism is the problem to be solved that some people simply need to understand christianity or politics better and become reasonable read on christian nationalism and other ideological extremes are symptoms of major economic technological spiritual and psychological shifts that have left too many people uprooted disenchanted and precarious there are no easy answers but johnson tries to show a path out that enlists not only individuals but also church and state without leadership and structure provided at the levels of the church and state christians and those impacted by them will remain part of the problem and not the solution johnson says to christians change is not talk it s action and christian action can only happen with leadership that creates a context where we can work together rather than wasting our time in culture wars

have lots of fun and laughter with this hilarious doctors joke book this is the largest collection of funny doctors jokes ever published the side effects may include spontaneous laughter this book will hit your funny bone inject you with fun and prove that laughter really is the best medicine this joke book is for student doctors trainee doctors junior doctors newly qualified doctors gps experienced doctors and even retired doctors there s something for everyone and it will certainly hit the funny bone that s for sure this mixture of doctors jokes will prove that doctors have a good sense of humor and
