this systematic user friendly and refreshingly unusual introduction to comparative politics has

not only been updated and refined in the third edition but also fully revised to reflect the impact of major new developments in world politics designed to teach students how to think comparatively and theoretically about the world they live in the book is organized around a set of critical questions why are poor countries poor why is east asia relatively prosperous what makes a democracy how can we explain terrorism and genocide what leads people to mobilize around a cause each the topic of a full chapter these issue chapters are based on the solid methodological and theoretical foundation laid out in the first part of the book and the entire text is enhanced with case studies and graphics timothy c lim is professor of political science at california state university los angeles

second the notion that the authoritarian state dominated private capital or the chaebol and the proposition that the chaebol were created maintained and enlarged by the state misinterprets the relation between the state and the large capitalists as i proved with the case of samsung

includes institutions in the u s canada and the united kingdom

the expansion of executive powers amid the war on terrorism has brought the presidency to the center of heated public debate now in the american presidency presidential authority charles o jones provides invaluable background to the current controversy in a compact reliable guide to the office of the chief executive this marvelously concise survey is packed with information about the presidency some of it quite surprising we learn for example that the founders adopted the word president over governor and other alternatives because it suggested a light hand as in one who presides rather than rules indeed the constitutional convention first agreed to a weak chief executive elected by congress for one seven year term later calling for independent election and separation of powers jones sheds much light on how assertive leaders such as andrew jackson theodore roosevelt and fdr enhanced the power of the presidency and illuminating how such factors as philosophy reagan s anti communist conservatism the legacy of previous presidencies jimmy carter following watergate relations with congress and the impact of outside events have all influenced presidential authority he also explores the rise of federal power

and the dramatic expansion of federal agencies showing how the president takes a direct hand in this vast bureaucracy and he examines the political process of selecting presidents from the days of deadlocked conventions to the rise of the primary after world war ii in 200 years he writes the presidency had changed from that of a person washington followed by adams then jefferson to a presidential enterprise with a cast of thousands jones explains how this remarkable expansion has occurred and where it may lead in the future about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

japan remains something of an enigma to many a confusing montage of the alien and the familiar this very short introduction explodes the myths and explores the reality of modern japan offering a concise engaging and accessible look at the history economy politics and culture of this fascinating nation it examines what the term modern means to the japanese debunks the notion that japan went through a period of total isolation from the world and explores the continuity between pre and post war japan

comprises the obituary notices and appendices to proceedings previously published at the end of each session s volume of proceedings cf foreword 1940 41

perhaps the most commonly held assumption in the field of development is that middle classes are the bounty of economic modernization and growth as countries gradually transcend their agrarian past and become urbanized and industrialized so the logic goes middle classes emerge and gain in number complexity cultural influence social prominence and political authority yet this is only half the story middle classes shape industrial and economic development they are not merely its product the particular ways in which middle classes shape themselves and the ways historical conditions shape them influence development trajectories in multiple ways this is the story of south korea s and taiwan s economic successes and argentina s and mexico s

relative failures through an examination of their rural middle classes and disciplinary capacities can disciplining continue in a context where globalization squeezes middle classes and frees capitalists from the state and social contracts in which they have been embedded

states and social activists alike face a turbulent global political economy as they seek to confront new challenges with new strategies the same is true of academic disciplines that seek to track discontinuities in old certainties and analyze emerging agendas action identities and space in contrast to approaches which argue that the new global order is simply a fact of life impervious to political challenge the contributors to this book emphasize that it is highly contested states retain considerable power even if much of it has been directed to constructing globalization rather than modifying its effects and disadvantaged groups even the most apparently marginalized have managed to win improvements in their condition the book draws attention to the state of flux that characterizes contemporary political economy both in theory and practice useful for senior undergraduate and graduate students in political economy international relations political science and sociology

Right here, we have countless books **Doing Comparative Politics Timothy Lim Zip** and collections to check out. We additionally have the funds for variant types and next type of the books to browse.
