cultural subjects a popular culture reader is a brand new collection of 22 readings by well known international scholars in various areas of cultural studies recognizing that pop culture is a global phenomenon it features canadian selections alongside classic writings in the field prefaced by student friendly introductions

with groundbreaking contributions by marshall mcluhan oliver sacks italo calvino and alain corbin among others empire of the senses overturns linguistic and textual models of interpretation and places sensory experience at the forefront of cultural analysis the senses are gateways of knowledge instruments of power sources of pleasure and pain and they are subject to dramatically different constructions in different societies and periods empire of the senses charts the new terrains opened up by the sensual revolution in

scholarship as it takes the reader into the sensory worlds of the medieval witch and the postmodern mall a japanese tea ceremony and a boston shelter for the homeless this compelling revisioning of history and cultural studies sparkles with wit and insight and is destined to become a landmark in the field

in the game culture reader editors jason c thompson and marc a ouellette propose that game studies that peculiar multi inter and trans disciplinary field wherein international researchers from such diverse areas as rhetoric computer science literary studies culture studies psychology media studies and so on come together to study the production distribution and consumption of games has reached an unproductive stasis its scholarship remains either divided as in the narratologists versus ludologists debate or indecisive as in its frequently apolitical stances on play and fandom thompson and ouellette firmly hold that scholarship should be distinguished from the repetitively reductive commonplaces of violence sexism and addiction in other words beyond the headline friendly modern topoi that now dominate the discourse of game studies what issues approaches and insights are being if not erased then displaced this volume gathers together a host of scholars from different countries institutions disciplines departments and ranks in order to present original and evocative scholarship on digital game culture collectively the contributors reject the commonplaces that have come to define digital games as apolitical or as somehow outside of the imbricated processes of cultural production that govern the medium itself as an alternative they offer essays that explore video game theory ludic spaces and temporalities and video game rhetorics importantly the authors emphasize throughout that digital games should be understood on their own terms literally this assertion necessitates the serious reconsideration of terms borrowed from other academic disciplines figuratively the claim embeds the embrace of game play in the continuing investigation of digital games as cultural forms put another way by questioning the received wisdom that would consign digital games to irrelevant spheres of harmless child s play or of invidious mass entertainment the authors productively engage with ludic ambiguities

designed to offer an appealing anthology where there is an increased interest in connections between and among cultures across cultures strives to promote understanding of diverse cultures among students the book advocates acceptance of a diversity of voices while suggesting ways to probe the correspondences interrelationships and mutual benefits of that diversity the selections cover a

great variety of cultural facets both in the readings and selected visuals that appear at the end of each chapter throughout the text students are encouraged to draw connections between and among readings through correspondence questions that accompany each selection thus developing their critical thinking skills

the first edition of the auditory culture reader offered an introduction to both classical and recent work on auditory culture laying the foundations for new academic research in sound studies today interest and research on sound thrives across disciplines such as music anthropology geography sociology and cultural studies as well as within the new interdisciplinary sphere of sound studies itself this second edition reflects on the changes to the field since the first edition and offers a vast amount of new content a user friendly organization which highlights key themes and concepts and a methodologies section which addresses practical questions for students setting out on auditory explorations all essays are accessible to non experts and encompass scholarship from leading figures in the field discussing issues relating to sound and listening from the broadest set of interdisciplinary perspectives inspiring students and researchers attentive to sound in their work newly commissioned and classical excerpts bring urban research and ethnography alive with sensory case studies that open up a world beyond the visual this book is core reading for all courses that cover the role of sound in culture within sound studies anthropology sociology cultural studies history media studies and urban geography

the culture of reading and the teaching of english aims to do for contemporary literary and cultural theory what i a richard s practical criticism did for literary formalism

the diverse essays collected here constitute an exploration of the emerging interdisciplinary field of visual culture and examine why modern and postmodern culture place such a premium on rendering experience in visual form

this reader brings together for the first time key writings about the nineteenth century a key period in contemporary discussion of visual culture exploring such topics as photographs exhibitions and advertising the editors suggest that modernity rather than

modernism is a valuable way of understanding the changes particular to the visual culture of the time and they investigate a variety of nineteenth century images technologies and visual experiences with three specially written essays about definitions of visual culture as an object of study the book examines genealogies and introduces key writings about culture from writers living in the nineteenth century itself or from those who scrutinized its visual culture from early in the twentieth century such as walter benjamin and siegfried kracauer the nineteenth century visual culture reader is organized around key themes technologies of vision practices of display and the circulation of images cities and the built environment visual representations of the past visual representations of categories of racial sexual and social differences spatial configurations of inside and out private and public selections include well known authors and new research by younger scholars to produce a well balanced and comprehensive collection

provides scholars instructors and students with the most influential essays that have defined the field of american girls history and culture and illustrates girls centrality to major twentieth century forces such as immigration labor feminism consumerism and civil rights from cover

book reading often seems to function as a barometer of cultural vitality for those who wish to argue that we live in a dumbed down age the alleged decline in book reading often becomes the benchmark of falling cultural standards although pessimistic critics and commentators may shout that the time of the book is over as they have since the fifteenth century millions of readers worldwide are not listening to them despite the allure of television and the internet book reading remains a popular activity however despite the huge global audiences for books it is surprising that the complexity of everyday book culture is not readily comprehended to the apparently simple and perennial question what do people do with books this research offers a sophisticated response that goes beyond the narrow perception that reading is solely the consumption of narrative it combines a number of different academic approaches cultural geography and sociology literary and cultural studies and cultural history in order to better understand the complex nature of readers everyday encounters with their books through the use of an ethnographic method which grounds the analysis firmly in the experience of real embodied readers this work reveals the rich textures of everyday reading culture it demonstrates how seemingly mundane acts of popular reading are in fact complex performances enabled and curtailed

simultaneously by three cultural economies the spatio temporal the social and the textual while the consumption of narrative often thought to be an entirely adequate definition of reading remains significant it is only a single element in an everyday reading practice that is as this book shows anything but ordinary

the new 4th edition of john storey s successful reader in cultural theory and popular culture is a companion volume to cultural theory and popular culture an introduction now in its 5th edition the reader offers students the opportunity to experience at first hand the theorists and critics discussed in cultural theory and popular culture an introduction it can be used both in conjunction with and independently of the textbook taken as a whole the reader provides a theoretical analytical and historical introduction to the study of popular culture and provides key primary coverage of fundamental issues in cultural studies new to this edition 4 new readings stuart hall what is this black in black popular culture amir saeed musical jihad neil perryman dr who and the convergence of media jim collins genericity in the nineties fully revised general and section introductions from the editor contextualising and linking the readings with key issues from the textbook full updated bibliography the new edition is essential reading for undergraduate and postgraduate students of cultural studies media studies communication studies the sociology of culture popular culture and other related subjects

what is it about some books that makes them timeless cultural history of reading looks at books from their earliest beginnings through the present day in both the u s and regions all over the world not only fiction and literature but religious works dictionaries scientific works and home guides such as mrs beeton s all have had an impact on not only their own time and place but continue to capture the attention of readers today volume 1 examines the history of books in regions throughout the world identifying both literature and nonfiction that was influenced by cultural events of its time volume 2 identifies books from the pre colonial era to the present day that have had lasting significance in the united states history students and book lovers alike will enjoy discovering the books that have impacted our world

this is a collection of 60 texts on the cultural aspects frameworks and perceptions of cities reflecting the concerns for diversity and difference rather than conventional notions of universality

academic writing is rhetorical and culturally conditioned what in one culture appears as effective and proper can in a new cultural context look like chaotic writing and sloppy thinking to discover the ways in which such impressions are made we need careful textual analysis of academic writing in different cultural contexts this book takes a textlinguistic approach and contrasts academic journal articles in a large and dominant culture anglo american a small and peripheral one finnish and the intercultural products of the small culture members writing in the dominant language finns in english the results indicate that academics do have culture specific writing styles and that textlinguistic tools are crucial if we want to expand our understanding of written communication

since the second world war europe has undergone a continual invasion wave after wave of american popular culture the diffusion of american culture in europe is both a european story about america and an american story about europe this work examines this cross cultural phenomenon from the european viewpoint nearly two dozen european experts in their respective fields offer an invigorating engaging and open minded examination of america as perceived with the acute insight of the interested european outsider a fruitful tradition that stretches back to lafayette de toqueville and goethe to name three of interest to scholars students and general readers alike the book s focus is both sensuous and intellectual how america is seen the image heard popular music perused the written word digested food learned from its common ways social customs perceived by minorities ethnic cultures and taken as an instrument of change americanization it is the first book of its kind published in the united states it is rich with selected up to date critical bibliographies in areas for which very little information is otherwise available in sum a cogent cross cultural analysis of how u s popular culture exposes both european dreams of well being and nightmares of discontent these are insights which deserve to be savored
