beyond grievance highlights the growing tensions between the liberal cosmopolitanism which defines much of the british political left and the patriotic faith based conservatism

that runs deep in many of Britain's ethnic minority communities with American style racial identity politics taking root in the UK the book argues that many liberal leftists are disregarding the attachments to the traditional triad of faith family and flag in historically Labour voting ethnic minority communities Rakib Ehsan argues that Britain needs a robust civic patriotism which understands that a stable family unit is the finest form of social security known to humankind a cultural arrangement which appreciates that faith is a vital source of strength and optimism across a diversity of communities providing a much needed corrective to the toxic mixture of tribal identity politics and radical cultural liberalism on the modern British left the book presents the case for an inclusive social justice traditionalism rooted in family security and equality of opportunity

here is an important work that uniquely focuses on both gay queer self identified men from diverse minority communities African American Latino Native American Asian and Pacific Islander and men of these ethnic communities who have sex with men but are not gay queer self identified each section of this edited book is devoted to a particular health issue affecting minority MSM and consists of one or more scholarly chapters that address the particular issue

during his first term in office Pres George W Bush made reference to the unitary executive ninety five times as part of signing statements proclamations and executive orders Pres Barack Obama's actions continue to make issues of executive power as timely as ever unitary executive theory stems from interpretation of the constitutional assertion that the president is vested with the executive power of the United States in this groundbreaking collection of studies eleven presidential scholars examine for the first time the origins development use and future of this theory the unitary executive and the modern presidency examines how the unitary executive theory became a recognized constitutional theory of presidential authority how it has evolved how it has been employed by presidents of both parties and how its use has affected and been affected by US politics this book also examines the constitutional political and even psychological impact of the last thirty years of turmoil in the executive branch and the ways that controversy has altered both the exercise and the public's view of presidential power

for more than 10 years Family Tree Maker has been America's #1 selling and top rated family tree program this book is your complete guide to using the software to create a family history that you and your family will treasure for years to come this informative guide will teach you how to get started by entering what you know by simply filling in the names of your family then with its advanced features you can search CD ROM databases and the internet for more ancestors you'll also learn how to share your family tree instantly create a variety of trees reports and more with a click of your mouse your family and friends will be delighted

many Americans have condemned the enhanced interrogation techniques used in the war on terror as a transgression of human rights but the United States has done almost nothing to prosecute past abuses or prevent future violations tracing this knotty contradiction from the 1950s to the present historian Alfred W McCoy probes the political and cultural dynamics that have made impunity for torture a bipartisan policy of the US government during the cold war McCoy argues the US central intelligence agency covertly funded psychological experiments designed to weaken a subject's resistance to interrogation after

the 9 11 terrorist attacks the cia revived these harsh methods while u s media was flooded with seductive images that normalized torture for many americans ten years later the u s had failed to punish the perpetrators or the powerful who commanded them and continued to exploit intelligence extracted under torture by surrogates from somalia to afghanistan although washington has publicly distanced itself from torture disturbing images from the prisons at abu ghraib and guantanamo are seared into human memory doing lasting damage to america s moral authority as a world leader

the development of competition and the success of liberalisation measures within public utility industries often depends on access terms and conditions prepared by the oecd s competition committee this report focuses on the regulation of access to essential facilities within the telecommunications industry drawing on theory and practice of access pricing to help regulators and policy makers learn from oecd experiences to achieve efficient and competitive outcomes

eight sparkling essays by leading thinkers on how to give all americans a fair shake published with a hot new social change group if we are to go forward today we ve got to go back and rediscover some mighty precious values that we ve left behind rev martin luther king jr when we talk about uninsured kids dozens to a classroom being taught by teachers with no expertise in their field about mass incarceration with no rehabilitation about real estate brokers or employment firms that continue to discriminate into the twenty first century about housing programs that reinforce segregation and fail to connect willing workers with the employers who need them we are mainly talking about failures of opportunity contrary to popular belief opportunity in america is in crisis class mobility is at an all time low the wage gap is through the roof and horatio algers are few and far between this and other critical ideas about the state of opportunity are documented in all things being equal a smart new book from a smart new outfit whose mission is to increase opportunity for all americans half critique half all important road map for the future all things being equal includes eight original essays by top notch thinkers pointing to areas in american life where opportunity is missing and showing us how to instigate it

this book explains why exercise physiologists at all levels must take on the responsibility of professionalism and accountability through ase if they are to be credible professionals
