dr robert lee bell s book the fourth dimension truth or deception is a very well researched and balanced study on the teachings of yonggi cho it is indeed a need in this age to explore the dangers of the man centered theology that apostle paul warned against in ii timothy 3 1 9 dr bell has compared cho s theology with the

scriptures and it is very clear that cho's theology is a synthesis of christianity shamanism and occult practices a deceptive mixture of error and truth which appears christian cho takes scripture out of context and twists it to conform to a preunderstood paradigm
