exploring the enduring legacy of untouchability in india this book challenges the ways in which the indian experience has been represented in western scholarship the authors introduce the long tradition of dalit emancipatory struggle and present a sustained critique of academic discourse on the dynamics of caste in indian society case studies complement these arguments underscoring the perils and problems that dalits face in a contemporary context of communalized politics and market reforms

introspection on the part of indian leadership in the 19th century lead to concentrated efforts to ameliorate the condition of the untouchables

this book addresses the problem of untouchability by providing an overview of the subject as well as penetrating insights into its social and religious origins the author persuasively demonstrates that untouchability is a deeply ambiguous condition neither inside nor outside society reviled yet indispensable untouchables constitute an original category of social exclusion the situation of untouchables is crucial to the understanding of caste dynamics especially in contemporary circumstances but emphasis particularly within anthropology has been placed on the dominant aspects of the caste system rather than on those marginalized and excluded from it this book redresses this problem and represents a vital contribution to studies of india hinduism human rights sociology and anthropology
