the surprising history and legacy of the inquisition the renowned historian and critic jonathan kirsch presents a sweeping history of the inquisition and the ways in which it has served as the chief model for torture in the west to this day ranging from the knights templar to the first protestants from joan of arc to galileo from the inquisition s immense power in spain after 1492 when the secret tribunals and torture chambers were directed for the first time against jews and muslims to the torture and murder of hundreds of thousands of innocent women during the witch craze and to the modern war on terror kirsch shows us how the inquisition stands as a universal and ineradicable reminder of how absolute

what should historians do with the words of the dead inquisition and power reformulates the historiography of heresy and the inquisition by focusing on depositions taken from the cathars a religious sect that opposed the catholic church and took root in southern france during the twelfth century despite the fact that these depositions were spoken in the vernacular but recorded in latin in the third person and rewritten in the past tense historians have often taken these accounts as verbatim transcriptions of personal testimony this belief has prompted some historians including e le roy ladurie to go so far as to retranslate the testimonies into the first person these testimonies have been a long source of

controversy for historians and scholars of the middle ages arnold enters current theoretical debates about subjectivity and the nature of power to develop reading strategies that will permit a more nuanced reinterpretation of these documents of interrogation rather than seeking to recover the true voice of the cathars from behind the inquisitor s framework this book shows how the historian is better served by analyzing texts as sites of competing discourses that construct and position a variety of subjectivities in this critically informed history arnold suggests that what we do with the voices of history in fact has as much to do with ourselves as with those we seek to rescue from the silences of past
