United States. Department of Superintendence

this text introduces readers to the theory and research findings needed to understand how to make groups effective and it helps build the skills required to apply that knowledge in practical situations

first published in 1973 an introduction to group work skill is designed to make the understanding of group work skills accessible to all mothers teachers employers as well as professional social workers the author argues that group work skill is composed of observation interpretation and action

drawing upon critical social theorists like habermas depth psychologists like jung and phenomenologists like hussert denhardt shows how the ethic of organization inhibits the individual s search for meaning and then discusses strategies for enhancing the individual s role he champions independence expressiveness and creativity over discipline regulation and obedience

this lively and engaging text introduces readers to the core interpersonal and organizational skills needed to effectively collaborate on group projects in the classroom and the workplace group projects are critical in preparing students for the realities of today s workplace but many college students despise group work often because they have not been prepared with the necessary skills to effectively collaborate this guide teaches core collaboration skills such as active listening interviewing empathy and conflict resolution it examines the research and theory behind these skills and provides tangible ways to practice these skills both alone and in groups this guide can be used a supplementary text for any courses involving group projects and will also be of interest to professionals in communication business and many other fields

successful implementation and completion of team activities requires instructors and students alike to confront challenges not present in individual work to maximize learning group projects need a solid lesson plan that helps students understand the benefits of group work develop ground rules and assign responsibilities value everyone s contributions and resolve potential conflicts teacher curriculum designer and teacherpreneur patrice palmer offers thirteen easily implemented robust group work activities formatted to foster the development of life skills designed with

secondary and postsecondary students in mind palmer s workbook takes students through the team building process from getting to know one another to a final evaluation of the group s work and success written in a user friendly format successful group work 13 activities to teach teamwork skills allows teachers to choose activities that best meet their students needs make group work a powerful addition to your teaching repertoire you may be surprised how your students rise to meet a new challenge

the fourth edition of this highly readable book examines all of the essential skills required to be an effective leader of a variety of groups in a variety of settings it explores the history of group therapy work and the development of groups how they grow how they change and how various groups differ it addresses the specifics of working with children adolescents adults and the elderly and it discusses ten prominent theoretical perspectives from which groups can be approached covering how each theory evolved how it is practiced and the results it most commonly achieves includes coverage of working with gay lesbian bisexual clients in groups and includes expanded coverage of the multicultural aspects of group work and understanding the influence of culture ethnicity religion sexual orientation and other factors on how groups function and what they can accomplish for professionals in the field of group counseling

international edition if you are in the uk please buy the uk edition from the authors of the highly acclaimed one to one toolkit the groupwork toolkit makes group work easy for anyone used to working one to one it shows you how to recognise and transfer the skills you already have advisers coaches and mentors have a wealth of interpersonal and communication skills but may lack the experience and confidence to transfer them successfully to running groups the groupwork toolkit can help it demystifies group work and gives you the confidence and knowledge you need to facilitate groups whether your group are learning new skills or have come for advice or guidance it explains how you can deliver brilliant groupwork by planning well setting objectives and using a variety of training techniques how people learn is also covered explaining the different ways people learn so you can adapt your style and methods to meet the needs of each group there is a step by step model for producing a session plan with plenty of practical tips and activities to use sample session plans are also included lastly sound advice on how to manage a group

includes keeping the group involved and interested and how to handle those difficult situations and individuals if you want to develop training teaching or group guidance skills this book can help if you need to provide group guidance deliver career or job search sessions this is the book for you this book has been needed by practitioners for some time it is going to be incredibly useful lesley haughton nicec fellow

beginning 19 each bulletin contains details of curricula course description college rules etc for one of the schools or colleges at western reserve university

in this pathbreaking work the author integrates questions of justice and stability through a model of deliberative democracy in the plural polity deliberative democracy and the plural polity provides a realistic but critical reform agenda that can animate struggles for justice in an enormously diverse world

this text is intended for teachers and prospective teachers enrolled in an elementary reading methods course our principal goal in creating this book from class testing preliminary materials in the mid 1970s to most recently revising all chapters for this edition has been to help students of reading methods acquire the knowledge skills and strategies that are an integral part of effective teaching
