learn how to do powerful practical magic when you use candles and call on the saints in reverend ray t malbrough s the magical power of the saints this book can be your personal guide to help you call on the saints as your spiritual allies you will learn how to work with seventy four different saints through the use of seven day vigil candles saint candles prayers psalms herbal baths and more for example you would call on saint benedict whose candle color is white and day of the week is saturday to help end fevers heal sick animals and more you might call on our lady of charity whose candle color is yellow and day of the week is also saturday for protection of the home and family to bring a new lover or to obtain better finances but the magical power of the saints includes much more find out which saint can best help you for any situation along with that saint s specific day of the week and color of candle learn rituals for fifty seven different situations such as attracting good fortune strengthening your marriage and improving your business use divination to discover which ingredients will summon the proper powers to help you in any specific situation locate passages in the bible that support the practice of divination learn how to use prayer to honor your departed ancestors and communicate with them discover the best way to prepare and use the saint candles recite the correct biblical psalm for your specific need read messages in a candle flame to see if your prayers will be answered the magical power of the saints includes over forty five illustrations of saints to help you in your work

the truth about evocation of spirits by donald michael kraig reveals the real secrets of communicating with non physical entities you will find that many of the things you ve

seen in novels or movies aren't needed no fancy apparatus no hypnotic trances with this small book evoking spirits becomes something you can do you'll discover what evocation really is you'll learn a bit about its history and why the ancient grimoires describing it are full of traps and things to waste your time here you will learn step by step everything you need to contact spirits described in ancient texts such as the lesser key of solomon the king first you'll need to prepare this simply involves determining which spirit you wish to call making a copy of its sigil signature and also constructing a place for it to appear the triangle of the art then gather some common items such as candles paper and pen and with the help of this book you can do this magick when you have everything you are ready to begin start with a banishing here you will find a complete version of the famous lesser banishing ritual of the pentagram next the seer inhales incense this alters that person's consciousness so he or she is ready to see the entity then call on the entity according to the instructions given here then you ask for information which is in the nature of the spirit to give or you can ask the entity you've evoked to do something that it is capable of doing of course it is only fair to give something to the creature in return that something is magical or spiritual energy this book explains how you can create that energy and send it to the entity finally you'll learn how to release the spirit you have evoked back to its home never before has so much information been packed into such a small space if you want to learn this ancient science get your copy today

this book by eminent author jasbir jain explores the many ways the diaspora remembers and reflects upon the lost homeland and their relationship with their own ancestry history of the homeland culture and the current political conflicts amongst the questions this book asks is how does the diaspora relate to their home and what is the homeland's relationship to the diaspora as representatives of the contemporary homeland in another country the last is an interesting point of discussion since the present of the homeland and of the diaspora cannot be equated the transformations that new locations have brought about as migrants have travelled through time and interacted with the politics of their settled lands africa fiji the caribbean islands the uk the us canada as well as the countries created out of british india such as pakistan and bangladesh have altered their affiliations and perspectives this book gathers multiple dispersions of emigrant writers and artistes from south asia across time and space to the various homelands they relate to now the word write is used in its multiplicity to refer to creative expression as an inscription as connectivity and remembrance writing is also a representation and carries its own baggage of poetics and aesthetics categories which need to be problematised vis à vis the writer and his/her emotional location

one of the greatest challenges for mental health and other professionals in school settings is to get students families and staff willing to partake of and engaged in their services this is the first book on applying motivational interviewing mi is a powerful evidence based technique for facilitating behavior change throughout the school environment to help psychologists counselors and other school based professionals to improve the effectiveness of their practice based on encouraging research on the value

of mi in k 12 settings this practical book explains the basic elements of mi theory and demonstrates step by step how the four stage process of engaging focusing evoking and planning can be used with the families of students who need psychological or counseling services teachers who need consultation and support to improve classroom management and the students themselves the book discusses barriers to readiness to change and describes how to foster engagement and compliance with school services to increase the likelihood that positive change will occur it also describes how mi can be used to increase the effectiveness of inter professional teams in school settings along with ways in which mi can be integrated into and build support for already established programs richly illustrated with examples of using mi as a strategy for promoting everyday conversations about change the nucleus of mi practice the book also includes case studies and sample handouts for mental health professionals students family members and teachers key features demonstrates how to apply motivational interviewing to the k 12 environment to help school professionals improve effectiveness explains the four stage process of engaging focusing evoking and planning shows how mi can be used with children their families and teachers to facilitate change describes how mi can be integrated into other established programs includes plentiful case studies and examples of mi as a strategy for promoting everyday conversations about change

a fascinating guide to a career in neurosurgery written by award winning journalist john colapinto and based on the real life experiences of an expert in the field essential reading for someone considering a path to this most challenging profession choosing what to do with your life begins with imagining yourself in a career actually meeting the emotional physical and intellectual demands of the job often regarded as one of the most technically and emotionally demanding of surgical disciplines becoming a neurosurgeon requires years of study this practical guide offers a unique opportunity to see what daily life for a neurosurgeon is like from someone who has mastered the profession and can explain what the risks and rewards of the job really are joshua bederson is the chief of neurosurgery at the esteemed mt sinai hospital in new york city new yorker writer john colapinto brings to vivid life what dr bederson s professional life is like to show all the varied facets of his work from extensive study and research to brain operations one on one consultations with patients and even staff meetings with fellow surgeons and students since mt sinai is a teaching hospital we learn alongside the residents and interns how bederson trains neurosurgeons passing along the knowledge and skills he honed over decades the result is a multidimensional portrait of a man and a department a practical guide for how to enter and learn the profession as well as a moving glimpse into the world of patients and doctors who face some of life s most harrowing challenges

mediacity situations practices and encounters investigates how the social settings and spaces of the city are created experienced and practiced through the use and presence of new media it takes the position that new media enables different settings practices and behaviours to occur in urban space contributions from academics practitioners and

activists from disciplines such as media studies architecture urban studies cultural and urban geography and sociology present a critical reflection on the processes methods and impacts of technologies in urban space

the militarized legacy of the digital cloud how the cloud grew out of older network technologies and politics we may imagine the digital cloud as placeless mute ethereal and unmediated yet the reality of the cloud is embodied in thousands of massive data centers any one of which can use as much electricity as a mid-sized town even all these data centers are only one small part of the cloud behind that cloud shaped icon on our screens is a whole universe of technologies and cultural norms all working to keep us from noticing their existence in this book tung hui hu examines the gap between the real and the virtual in our understanding of the cloud hu shows that the cloud grew out of such older networks as railroad tracks sewer lines and television circuits he describes key moments in the prehistory of the cloud from the game spacewar as exemplar of time sharing computers to cold war bunkers that were later reused as data centers countering the popular perception of a new cloudlike political power that is dispersed and immaterial hu argues that the cloud grafts digital technologies onto older ways of exerting power over a population but because we invest the cloud with cultural fantasies about security and participation we fail to recognize its militarized origins and ideology moving between the materiality of the technology itself and its cultural rhetoric hu's account offers a set of new tools for rethinking the contemporary digital environment

flashing through new york in the late 1970s no wave was the ultimate anti movement its bands consisted of untrained artists looking to explode rock and disappear before the smoke cleared the primary perpetrators all drew on primitivism performance art and the avant garde but they were best known for short songs and even shorter life spans no wave traces the history of this unique movement from early pioneers like suicide to richard hell to hidden treasures like red transistor and 8 eyed spy to descendents like esg and sonic youth no wave is a comprehensive guide to a movement whose influence still resonates today
