East West is a complex and sprawling novel that begins with Saleem Sinai's birth on August 15, 1947, the same day India gained independence from British rule. The narrative follows his life as he navigates a world fractured by the Partition of India, a devastating event that left millions displaced and countless lives shattered. Saleem's life becomes intricately connected to this pivotal moment in history as he witnesses the violence, loss, and displacement firsthand. As Saleem grows older, he travels to England, searching for a sense of belonging and escaping the echoes of his past. He falls in love with a woman named The Other, who represents the allure of the West and the potential for a new life. However, the ghosts of his heritage and the complexities of his identity continue to haunt him. Throughout the novel, Saleem recounts stories of his family, his childhood, and his tumultuous relationship with his father, a man who embodies the contradictions of his time. The narrative unfolds through a blend of magical realism and historical fiction, blurring the lines between reality and imagination. Saleem's magical powers, which include the ability to telepathically connect with other characters and manipulate events, serve as a metaphor for the interconnectedness of human lives and the ways in which history shapes individuals. East West is a powerful exploration of identity, culture, and the human condition. It delves into the complexities of navigating multiple cultures, the enduring impact of history, and the search for meaning in a fragmented world. The novel's vibrant characters, intricate plot, and rich prose invite readers to delve into the heart of India's

This book explores the challenge posed by the immersion of 15 million Muslims in western democracies and the few but volatile terrorists present within the larger body of believers. The fact that immersion in western culture is insufficient to stem the tide of extremism is discussed along with the factors that contribute to the growth of radical Islam, such as the presence of charismatic authoritarian leadership, educational options that downplay critical thinking, and colonialism. Hope that radical Islam can be kept to a minimum in western societies is provided by the Islamic concept of *ijtihad*, through which Muslims reinterpret their own religion just as mainstream Mormons have dispensed with polygamy and Christians with witch hunting. Muslims in western societies have the potential to minimize the growth of radicalism. Instructors considering this book for use in a course may request an examination copy here.
