tolle s project is one of empowering humans to detach from the many externalities that people typically identify themselves by histories bodies desires beliefs work emotions roles which are thought to be the sources of personal affliction to detach from them allows one to enjoy a more truthful and untroubled life the true self that tolle promotes is a self that is stripped of the externalities people identify with so that they might enter a spiritual realm that is transcendent and anxiety free one of the criticisms of tolle in this book is that the spiritual wisdom he promotes makes people less human and more spiritual angelic and godly but that world the world of spirits angels and gods is not where people belong says classics scholar martha nussbaum humans are mortals and their mortality brings with it limitations and constraints

within which they must operate but operating within such limitations which include time temporality and death does not mean people are without resources in the human project to live and flourish humanness has allowed people to develop an array of skills that have become their birthright rationality resourcefulness emotional intelligence cooperation and storytelling among others this book argues that tolle s project of transcending leads to an impoverishment of humanity in contrast it calls for an understanding and embrace of humanness that allows people to flourish within the limits imposed upon them within their material and bodily conditions

eckhart tolle is perhaps the most popular spiritual guru in the world his books have topped the new york times bestseller list and his core teaching achievement of liberation via the power of now has become the guiding light of the new age movement but according to I ron gardner author of beyond the power of now there is a problem a big problem with tolle s core teaching tolle never explains what exactly the power of now is is it the same thing as hindu shakti or the buddhist sambhogakaya or the christian holy spirit tolle doesn t say he continually refers to the bible and jesus in his book but shockingly never once mentions the holy spirit and how it relates to the power of now I ron makes it clear that the true power of now is the holy spirit which is the same divine light energy as hindu shakti and the buddhist sambhogakaya he explains and extolls the true power of now and castigates tolle for failing to identify and describe it to some eckhart tolle is a new age visionary describing a new earth that can materialize if mankind en masse awakens to the power of now but according to I ron gardner he is simply a histrionic ranter full of empty rhetoric throughout this book I ron continually points out from different angles the folly of tolle s new or now age chimera and describes the social system that represents mankind s sociopolitical salvation beyond tolle s teaching about the power of now and rhetoric about a new earth I ron takes the renowned guru to task on virtually every subject he addresses most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the now 5 the inner body is the direct link to the now 6 your cells stop aging when you live in the now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are zen masters eckhart tolle s teachings are replete with erroneous ideas and I ron gardner exposes the major flaws in his principal arguments while providing readers with integral solutions

when do we feel most alive it s when something or someone grabs our attention and causes us to live with a passion for those things that are outside us think of falling in love or living for a cause that s what fearing god does it causes us to come alive by grabbing our attention and focusing us on the god who loves us fearing god is not the same as being afraid of god instead fearing god is being overwhelmed by the infinite loving dangerous god and being fulfilled by that fear finding fulfillment by fearing god challenges the popular belief that we will be most fulfilled when we follow our hearts read this book with a heart that is open to being transformed
