to all the men from the time we are born until the day we die we each have our own path along this path we have choices to make the decisions we make always have consequences that help determine our direction and our experiences sometimes our choices are made with the aid of good information or guidance from wise and experienced older men with this guidance our results are often improved and rewarding but much of the time we end up making choices based on a lack of information ignorance or even false information lies sometimes deliberate but often unintentional when this happens the consequences we experience are often unpleasant and sometimes tragic this manual was written to enlighten young men with the good information or truth as i see it and to instill in them the wisdom and experience of an older man while providing them the best chance for making good decisions that will bring them success victory joy prosperity and the good life as it turns out this book is also an excellent tool for mature men to give them a structured guide to teach

the younger men in their lives we often give our advice in snippets as an incident comes up which is always too little and too late this manual allows elders a chance to contemplate these issues ahead of time and to give some good ideas on how to add to them from their own experiences that younger fellow might be a son nephew student a player on the team you coach or a young man in the church you pastor so from that standpoint this manual is meant to be a giant heads up for men of all ages what about the women from the inception of the idea to daring to write this type of book the author was keenly aware that he was as much of an expert about young men as any layman could be but lacked that expertise when it came to young women as such this manual sticks to the male theme and the issues that young men face however much of what is discussed is generic to both genders

includes entries for maps and atlases

with a focus on core principles and concepts this book takes an object oriented approach to modeling and developing database applications and provides a seamless way to move from analysis through specification and design into implementation case studies are presented using oracle unisql o2 objectstore with java ode and prolog
