gives you articles from various public press sources such as Foreign Policy, The Brookings Review, and The World. This work includes articles which examine specific microeconomic and macroeconomic issues, income distribution, and economic justice and the changing global economy. It is supported by a student website.

Instructor's Resource Manual, Test Bank

The 14th edition of this text is based on the results of extensive research and features some major changes. Microeconomics is now covered before macroeconomics to encourage the concepts of microeconomic foundations. There is a focus on rediscovering the power of the market, giving special attention to the changes in Eastern Europe. The book places emphasis on the open economy with continued increase in global economics and the interaction between international trade and domestic economic events. It aims to present a balanced treatment of all the major schools of modern macroeconomic theories using real-world experiences and policies to illustrate the fundamentals of economic principles.

this journal attempts to fill a gap between the general interest press and other academic economics journals its articles relate to active lines of economics research economic analysis of public policy issues state of the art economic thinking and directions for future research it also aims to provide material for classroom use and to address issues relating to the economics profession
