we all understand the basic principles underpinning marketing activity to identify unfulfilled needs and desires and boost demand for the solutions a product is offering the mantra is always sell more de marketing tries for the very opposite why would a company actively try to decrease demand there are many good reasons to do so a firm cannot supply large enough quantities or wants to limit supply to a region of narrow profit margin or crucially to discourage undesirable customers those that could be bad for brand reputation or in the case of the finance sector high risk de marketing can yield effective solutions to these issues effectively curtailing demand yet crucially not destroying it nevertheless the fundamental negativity of de marketing strategies often causes organisations to hide them from view and as a result they are rarely studied this then is the first book to cast

light on the secretive counterintuitive world of de marketing deconstructing its mysteries and demonstrating how to incorporate them into a profit driven marketing plan a selection of thought leaders in strategic marketing mix theory with illustrative global cases providing insight into how these strategies have been employed in practice and measuring their successes and failures it s a must read for any student or researcher that wants to think differently about marketing

the roots of america s image problem in the middle east

the world s largest and longest running song competition the eurovision song contest is a significant and extremely popular media event throughout the continent and abroad the contest is broadcast live in over 30 countries with over 100 million viewers annually established in 1956 as a televised spectacle to unify postwar western europe through music the contest features singers who represent a participating nation with a new popular song viewers vote by phone for their favourite performance though they cannot vote for their own country s entry this process alone reveals much about national identities and identifications as voting patterns expose deep seated alliances and animosities among participating countries here an international group of scholars from a variety of disciplines including musicology communications history sociology english and german studies explore how the contest sheds light on issues of european politics national and european identity race gender and sexuality and the aesthetics of camp for some countries participation in eurovision has been simultaneously an assertion of modernity and a claim to membership in europe and the west eurovision is sometimes regarded as a low brow camp spectacle of little aesthetic or intellectual value the essays in this collection often contradict this assumption demonstrating that the contest has actually been a significant force and forecaster for social cultural and political transformations in postwar europe

includes who s who in the middle east

this text covers such recent developments as the growth of population differing rates of industrialization egyptian israeli peace efforts and the enormous impact of the ever changing oil market on economic and political life in addition the book examines the rarely analyzed but

significant cultural and religious developments that are crucial determinants of political patterns and includes statistics and information enabling polk to re evaluate and recast outmoded perceptions
