it is very easy to control and manage business when a business is very small hence the entire double entry account is kept in one book called a ledger as the business grows and expand it would be impossible just to use one book as the large number of pages needed for a lot of transactions could be very difficult to handle to solve this problem of getting difficulties in handling the bookkeeper should use more books through this all similar types of transactions are handling together and have a book for each type remember not to mix together transactions which are different from one another therefore the books which are used to record all similar transactions on a first time before posting to the ledger account are called books of original entry

africa can achieve self sufficiency in food production through adoption of

innovations in the agriculture sector numerous soil fertility and crop production technologies have been generated through research however wide adoption has been low african farmers need better technologies more sustainable practices and fertilizers to improve and sustain their crop productivity and to prevent further degradation of agricultural lands the agricultural sector also needs to be supported by functional institutions and policies that will be able to respond to emerging challenges of globalization and climate change
