the third edition of this successful textbook introduces students to the major concepts models and approaches surrounding the public sector now fully updated to include coverage of the new public management npm the public sector is the most comprehensive textbook on theories of public policy and public administration the

public sector is introduced within a three part framework public resource allocation redistribution and regulation jan erik lane explains the basic concepts of each of these broad areas and goes on to examine their consequences for various approaches to the making and implementation of public policy the book explores models of management effectiveness and efficiency and evaluates the contribution among many of public choice and neo institutionalist approaches organizational theory models of normative policy making and expanded in this edition the theory of fiscal federalism the new edition retains chapters on public sector reform and continues to contrast the logic of the new management state with that of the old administrative state before introducing the basic ideas of new public management the public sector will be essential reading to all students seeking a deeper understanding of the modern state and government across political science and public policy administration and management

a report that calls for a top pay commission to name and shame public sector organizations that pay excessive salaries to their top officials

annotation competency management is increasingly being adopted as an approach to hrm in both the private and public sectors this book will be of interest to both practitioners and academics as it seeks to inform the reader about the practice of competency management in european public services it throws light on the origins and meanings of the concept and traces the competency movement from the 1980s in the uk and usa it links competency management to performance management and hrm and demonstrates how a competency approach can add value to all parts of an organisation the nine country studies provide a rich insight into the practices found across the public sectors of europe at one end of the spectrum is britain with its holistic approach to competency management in the senior civil service and widespread use throughout the rest of the service belgium the netherlands and finland provide further examples of recent developments and good practice in france and germany however competency management has only just appeared on the reform agenda and the reasons for this are identified micro studies in italy and sweden provide an insight into the problems that arise when the perceptions of reformers diverge from those of managers and managed while the study of poland shows the problems faced by countries in transition which lack an appropriate educational sub structure for public management and hrm

bringing together over fifty leading global experts this research handbook provides a state of the art overview of research findings regarding human resource management hrm in the public sector original chapters provide useful insights from two different disciplines public administration and hrm they illustrate that the public context of organisations matters and discuss research findings detailing how this plays out in practice

the public sector looms large economically both as a regulator of private economic activity and as a producer and consumer in its own right the rewards to innovation in the public sector can be huge but the obstacles can be formidable in this book policy makers and scholars from eight countries and two international organisations offer their unique insights on where the challenges lie and how they can be overcome this publication is part of an ongoing series highlighting some of the results of the unece subprogramme on economic cooperation and integration the objective of the subprogramme is to promote a policy financial and regulatory environment conducive to economic growth knowledge base developmetn and higher competitiveness in the unece region back cover

this important new book offers fresh insights into the growth of the public sector in advanced and developing economies the economic causes and consequences of changes in the size of the public sector especially changes in public expenditure have fascinated economists from the time of adam smith from the early 1960s interest has focused particularly on changes in the share of national income devoted to public expenditure this has exhibited a long run upward trend since 1945 in almost all oecd countries substantial fluctuations over shorter periods have also been observed understanding the processes underlying these phenomena is of clear importance for public policy makers and economists have developed numerous theories attempting to explain them the major questions of interest are what forces have been causing the share of public expenditure in gdp to rise over the longer term are these forces susceptible to policy is the public sector taking an increasing share of real resources can government attempts in major oecd countries to control or reduce the size of the public sector in the 1980s and 1990s be sustained what consequences follow from their success or failure the growth of the public sector focuses on this important issue and assesses the contribution to current knowledge of different theories including public choice bureaucracy models relative price effects and wagner s law it also contains a number of new case studies focusing on specific government activities such as education health and social security

the seventh edition of the bestselling public sector management is a rich and insightful description analysis and critique of the management of the public sector by the uk government new to the seventh edition now set in an international context with comparative global examples throughout three new chapters covering strategy and planning in the public sector transparency accountability and ethics and non profit management including the role of social enterprise and the voluntary sector examines the impact of the continuing financial crisis on public spending an updated companion website with tutorial videos free access to full text journal articles policy documents links to useful websites and social media resources public sector management is essential reading for undergraduate and postgraduate students studying public sector

management as part of a business management or politics degree

no detailed description available for new frontiers in the public sector management

digital government managing public sector reform in the digital era presents a public management perspective on digital government and technology enabled change in the public sector it incorporates theoretical and empirical insights to provide students with a broader and deeper understanding of the complex and multidisciplinary nature of digital government initiatives impacts and implications the rise of digital government and its increasingly integral role in many government processes and activities including overseeing fundamental changes at various levels across government means that it is no longer perceived as just a technology issue in this book miriam lips provides students with practical approaches and perspectives to better understand digital government the text also explores emerging issues and barriers as well as strategies to more effectively manage digital government and technology enabled change in the public sector digital government is the ideal book for postgraduate students on courses in public administration public management public policy political science and international relations and e government it is also suitable for public service managers who are experiencing the impact of digital technology and data in the public sector

a public manager herself and successful consultant in the public sector camaron thomas argues for a whole new way of being a public manager she introduces a new

paradigm for how the public sector should work a collaborative functional environment in which fast paced purposeful change civility and initiative are actually the norm real positive change is part of every employee s job control in the public sector must be replaced with shared responsibility and for her new paradigm to be realized it must be understood and internalized by managers one at a time this book argues for a whole new way of being a public manager one that affects what managers do how they do it and who they are as people it replaces the concept of agencies and control with shared responsibility and tests the idea in the arena of public sector budgeting most importantly it recognizes that it is managers themselves who must change if the profession is ever going to improve this book is written for the 19 million plus current public sector managers who grind through every day it s also written for their successors for whom the task only promises to be more difficult

this volume based on the proceedings of a symposium held at the oecd provides a wide ranging analysis of what pay flexibility actually implies how it is developing in different countries and different parts of the public sector and what it is

from the first specialization and coordination have presented governments with a conundrum specialized program might be best for delivering one service to the public but combining such programs for all public services inevitably produces costly redundancies and inefficiencies in this long awaited book guy peters brings his expertise and extensive experience to bear on the problem of administrative and policy coordination through theory and four real world case studies he explores how and whether coordination can transform ordinary flawed patterns of governing into more effective and efficient performance by the public sector this timely work arrives at a moment when coordination is proving especially challenging as popular approaches to public administration emphasize breaking larger public organizations into smaller single purpose programs and as a push to involve the private sector in policy development and implementation has increased government segmentation for insights into the workings and limitations of coordination or horizontal management peters draws on extensive scholarship as well as his own consulting work with governments including finland serbia bosnia and herzegovina canada and mexico he highlights practical successes and failures of horizontal management in case studies of homeland security in the us child protection in the uk policymaking in finland and the operations of the european union in the process peters evaluates a full tool chest of instruments that might be used to enhance coordination combining theory and practice and considering a wide range of public policy challenges this book clearly and cogently presents the most comprehensive in depth and detailed discussion available of policy coordination in the public sector at a time when its insights are most urgently needed

in these times of dramatic social economic and political change governments around

the world are questioning their roles and responsibilities in the public sector there is a trend away from traditional public sector model and that of market ideology but there does not yet exist a universally accepted alternative brendan nolan offers a comparative analysis of public administration in several oecd countries the uk usa australia and scandinavia and explores possible future directions
