ofrece materiales para la orientación a los profesores que impartirán las nuevas enseñanzas en este área

este libro responde a una necesidad una necesidad académica y personal por justificar la finalidad del hecho educativo no únicamente desde su sentido para el aprendizaje sino desde su contribución a una sociedad más justa más solidaria y más libre que ponga en el centro a las infancias y a estas en relación con el sostenimiento de la vida y de la comunidad entendemos la educación infantil como un lugar privilegiado desde donde construir buenos vivires buenos vivires presentes basados en las posibilidades creadoras de las infancias y en el bien común buenos vivires donde merece la pena estar comunicarse aprender compartir cooperar cuidar emocionarse y celebrar buenos vivires que ponen en el centro la equidad la autogestión la libertad lo comunitario lo individual y la necesidad del vínculo hemos pretendido cuestionar la imposición de valores productivistas trabajocentristas individualistas adultistas heteropatriarcales racistas antropocentristas alejados del bien comunitario una imposición que realizada de manera subrepticia va configurando unas subjetividades y unas narrativas que justifican decisiones y acciones políticas y económicas excluyentes y opresivas de las que somos cómplices necesarios unas

subjetividades y narrativas que entienden las desigualdades como naturales que contribuyen al mantenimiento de una sociedad donde hay cada vez más personas desprotegidas grupos de vulnerabilidad creciente a las que se las sitúa en posiciones de desventaja social y de servidumbre por estos motivos pensamos que desde la didáctica y específicamente desde la didáctica de la educación infantil debe ampliarse la perspectiva de análisis del hecho educativo porque no tiene sentido que se produzca el aprendizaje si este no está al servicio del bien común y de la equidad o que se atienda únicamente al bienestar individual del alumnado sin entender que los seres humanos y no humanos somos inter y codependientes y que es necesario enseñar como si realmente viviésemos ya en el otro mundo posible con currículos justos y sostenibles que reconozcan el diálogo entre saberes con una concepción de las infancias plural creativa capaz política y respetuosa con una didáctica entendida desde la integración de sus múltiples dimensiones que la hacen fuerte crítica e inconformista con unas propuestas educativas humanizadoras llenas de posibilidades posibles para desarrollar en las escuelas infantiles con la participación y la gobernanza de toda la comunidad y con un profesorado acompañante capacitado profesional crítico creativo libre comprometido políticamente e irrenunciablemente humano

Eventually, **Edebe Quimica Bachillerato** will unconditionally discover a other experience and attainment by spending more cash. still when? reach you bow to that you require to acquire those every needs in imitation of having significantly cash?
