yang examines the political process of the occupy movement spanning from january 2013 when the occupy central with love and peace oclp campaign was initiated to december 2014 when the occupy movement finally ended this book adopts an actor centered approach in the study of democratization and places civil society as the focus of the analysis the oclp campaign was an attempt to transfer leadership of democratization from political parties to civil society while the incorporation of deliberation days further let ordinary participants decide on the electoral proposals the democratic ideals of civil society activists and the mobilization of radical democrats led the campaign to enter a radical position the chinese government interpreted democratization in hong kong from a regime security perspective and took a

hardliner position after the occupy movement finally occurred the leadership of civil society and the conception of civil disobedience contained the radical protesters however after the movement civil society organizations were blamed for its failure and contention in hong kong became more transgressive and decentralized this book is a valuable resource for scholars of hong kong s politics and a relevant case study for those studying the dynamics of social movements and the civil society strategy in democratic transition

in january 1976 raymond barre the first president of the geneva association and orio giarini its first secretary general founded the geneva papers on risk and insurance with the main goal of supporting and encouraging research in the economics of risk and insurance at that time research in the field of insurance was still embryonic and insurance was regarded as peripheral social activity when sustained economic growth gained traction the function of insurance gradually emerged as a key contributor to economic development by integrating uncertainty into economic theory and benefiting from the progress of both financial economics and decision theory research developed further in the field of insurance economics and risk management and is now prolific the geneva papers on risk and insurance undeniably contributed to this evolution and its impact on research in insurance has largely exceeded what its two founding members could have expected this volume is a special collection of papers celebrating 40 years of the geneva papers on risk and insurance the collection looks back at the storied history of the geneva papers on risk and insurance and features papers from some of the esteemed authors who have contributed to the journal in its lifetime this collection of papers highlights just a few of the many themes addressed in the papers published by the journal since it was created nevertheless the selection exemplifies the richness and variety of topics the field of insurance covers

2025 26 tgt pgt history solved papers 1056 995 e this book contains 173 sets of the previous solved papers

this book takes you on a journey through post crisis regulatory reform highlighting the unintended consequences of some of the measures on transaction banking a business that provides the backbone of financial markets
