this indispensable book critically sets out the skills and knowledge required by a specialist educator for students who present with dyslexia the british dyslexia association professional criteria bda 2012 provides an anchor throughout for this book's content chapters are explicitly mapped to specific professional criteria offering the reader confidence that guidance in key perspectives on dyslexia is underpinned by this internationally recognised professional framework key issues in the education and care of those affected by dyslexia are critically explained and explored in this publication using both author's years of specialist experience in this field as established scholars both authors also suggest how research can inform and enrich how an educator responds to these issues the content of this book includes detailed case studies disclosing

how dyslexia presents in different individuals and which richly illuminate the issues considered by each chapter a concise examination of reading instruction in the context of typically developing students and in relation to those who present with dyslexia this incorporates an expert but accessible review of international policy and educational practice including influential findings from research detailed guidance on how to identify possible dyslexia and key issues to consider in referral and assessment of those affected including associated models here such as response to intervention rti consideration of intelligence and in how this figures in relation to assessment for dyslexia including the possible role of intellectual disability id comprehensive evaluation of the role of behaviour in relation to dyslexia with guidance on how this can be used to inform a programme of support for students with social emotional or behavioural difficulties ebd sebd consideration of how the professional role of a specialist educator might travel across the english speaking world and also beyond in china or india key perspectives on dyslexia is an essential text for educators and will become a landmark guide for educational practice and policy

does the current celibate semi monastic and all male seminary formation contribute to the persistence of clerical sexual abuse in the roman catholic church applying sociological theories on socialization total institutions and social resistance as the primary conceptual framework and drawing on secondary literature media reports the author s experience interviews and church documents this book argues that the catholic church s institution of the celibate seminary formation as the only mode of clerical training for catholic priests has resulted in negative unintended consequences to human formation such as the suspension of normal human socialization in society psychosexual immaturity and weak social control against clerical sexual abuse the author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes as such an alternative model for diocesan clerical formation is advanced a fresh look at the aptness and effects of celibate formation for diocesan clergy this volume is the first to relate the persistence of catholic clerical sexual abuse to celibate seminary formation exploring the structural links between the two using sociological arguments and proposing an apprenticeship based model of formation which has numerous advantages as a form of clerical training it will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation
